County; thence continuing westwardly through Sections Twenty-four (24) and Twenty-three (23), Township Twenty-four (24) South, Range Fourteen (14) West, Stafford County; thence southwardly along the east line of Section Twenty-two (22) of said township, range and county, to the south line of said Section Twenty-two (22); thence continuing westwardly along the south section lines of Sections Twenty-two (22), Twenty-one (21) and continuing westwardly along the north lines of Sections Twenty-nine (29) and Thirty (30) of said township, range and county; thence further continuing westwardly along the north section lines of Sections Twenty-five (25) and Twenty-six (26) and the south section line of Section Twenty-two (22), Township Twenty-four (24) South, Range Fifteen (15) West, Rice County, to the Macksville Electric Substation of the Company located in the Southwest Quarter (SW¼) of said Section Twenty-two (22).

Line 12—A 33,000 volt, wood pole, electric transmission line, approximately two and seventy-five hundredths (2.75) miles in length, beginning at the Hutchinson Generating Plant No. 2 of the Company, located in the South One-half (S½) of Section Thirty-three (33), Township Twenty-two (22) South, Range Five (5) West, Reno County, and extending south to Thirtieth (30th) Street in the City of Hutchinson; thence west to Apple Lane in said city; thence southwardly on the east side of Apple Lane to Seventeenth (17th) Street in said city; thence westwardly on the south side of Seventeenth (17th) Street in said city to the southeast corner of Seventeenth (17th) and Halstead Streets in the City of Hutchinson, Reno County.

Line 13—A 33,000 volt, wood pole, electric transmission line, approximately three and five tenths (3.5) miles in length, beginning at a point in the Southeast Quarter (SE¼) of Section Thirteen (13), Township Sixteen (16) South, Range Three (3) East, Dickinson County, and then extending eastwardly along the south section lines of Sections Eighteen (18), Seventeen (17) and Sixteen (16) to approximately the middle of Section Fifteen (15), Township Sixteen (16) South, Range Four (4) East, Dickinson County, at the location of the electric substation of the Flint Hills Rural Electric Cooperative Association, Inc.

Line 14—A 33,000 volt, wood pole, electric transmission line, approximately nine and sixty-one hundredths (9.61) miles in length, beginning at a point in the southeast corner of Section Twenty-seven (27), Township Twenty-five (25) South, Range Ten (10) East, Greenwood County, and extending westwardly along the south section lines of Sections Twenty-seven (27), Twenty-eight (28), Twenty-nine (29) and Thirty (30) of said township, range

and county; and thence continuing westwardly along the south section lines of Sections Twenty-five (25), Twenty-six (26), Twenty-seven (27), Twenty-eight (28) and Twenty-nine (29), Township Twenty-five (25) South, Range Nine (9) East, Greenwood County; thence northwestwardly to approximately the center of Section Thirty (30) in said township, range and county, being the location of the Sallyards Electric Substation of the Company.

Line 15—A 33,000 volt, wood pole, electric transmission line, approximately four and nine tenths (4.9) miles in length, beginning at a point in the southwest corner of Section Thirty (30), Township Twenty-two (22) South, Range Twelve (12) East, Greenwood County, and extending eastwardly along the south section lines of Sections Thirty (30), Twenty-nine (29) and Twenty-eight (28) to the Southeast Quarter (SE¼) of Section Twenty-seven (27) of said township, range and county, at the location of the Lamont Electric Substation of the Company.

Line 16—A 33,000 volt, wood pole, electric transmission line, approximately five hundredths (.05) of a mile in length, beginning at a point in the Southeast Quarter (SE¼) of Section Twenty-eight (28), Township Twenty-four (24) South, Range Five (5) West, Reno County, and extending southeastwardly to a point in the Northeast Quarter (NE¼) of Section Thirty-three (33) of said township, range and county, being the location of the Yader Electric Substation of The Ark Valley Rural Electric Cooperative Association, Inc.

Line 17—A 33,000 volt, wood pole, electric transmission line, approximately fifty-two hundredths (.52) of a mile in length, beginning at a point in the northwest corner of Section Fifteen (15), Township Twenty-one (21) South, Range Three (3) West, McPherson County, and extending southwardly along the west section line of Section Fifteen (15) of said township, range and county for approximately fifty-two hundredths (.52) of a mile.

Line 18—A 33,000 volt, wood pole, electric transmission line, approximately ten and three tenths (10.3) miles in length, beginning at a point in the southeast corner of Section Twenty-eight (28), Township Twenty-five (25) South, Range Nine (9) East, Greenwood County, and extending southwardly along the east section line of Section Thirty-three (33) of said township, range and county; and continuing southwardly along the east section lines of Sections Four (4), Nine (9), Sixteen (16), Twenty-one (21), Twenty-eight (28) and Thirty-three (33), Township Twenty-six (26) South, Range Nine (9) East, Greenwood County; thence southwardly along the east section lines of Sections Four (4) and
