in the States of Kansas, Missouri, and Oklahoma, and generally described as follows:

Wichita-Hesston Tieover System

A 16" pipe line extending northerly from a point on the Wichita 16" loop line in Section 20-T.26S.-R.1E., Sedgwick County, Kansas, on the Miscellaneous Laterals, Loops and Extensions, as described in the Third Supplemental Indenture, page 12, to a point of connection with the Kansas-Hugoton Compressor Station to Kansas City 26-inch pipe line system as described in the Third Supplemental Indenture, page 8, in Section 17-T.22S.-R.1W., Harvey County, Kansas, said line totaling 10.51 miles of 16" pipe in Sedgwick County, Kansas, and 17.16 miles of 16" pipe and 0.03 miles of 12" pipe in Harvey County, Kansas. Also a 4" lateral extending east from above described 16" line to Wichita 53rd St. town border meter in Section 20-T.26S.-R.1E., said line totaling 0.01 miles of 4" pipe in Sedgwick County, Kansas, also a 4" lateral extending west from above described 16" line to Valley Center town border meter in Section 6-T.26S.-R.1E., said line totaling 0.54 miles of 4" pipe in Sedgwick County, Kansas, also an 8" lateral extending north from above described 16" line in Section 6-T.24S.-R.1E., to Newton Regulator in Section 31-T.23S.-R.1E., said line totaling 0.13 miles of 8" pipe in Harvey County, Kansas.

Miscellaneous Laterals, Loops and Extensions

A 3" lateral line extending westerly from near Sedgwick, Kansas, in Section 3-T.25S.-R.1W., on the Wichita Compressor Station to Newton system as described in the Original Indenture, page 75, to the Bentley town border meter in Section 11-T.25S.-R.2W., said line totaling 5.81 miles of 3" pipe in Sedgwick County, Kansas.

A 3" lateral line extending west from near Mt. Hope, Kansas, in Section 20-T.25S.-R.3W., on the Cotton Valley Measuring Station to Hutchinson system, as described in the Original Indenture, page 73, to a point of connection in Section 20-T.25S.-R.3W., with the Consolidated Gas Utilities Corp. 10" gas line, said line totaling 0.95 miles of 3" pipe in Sedgwick County, Kansas.

A 3" lateral line extending easterly from the east terminus of the Schulte 4" lateral in Section 3-T.28S.-R.1W., on the Miscellaneous Laterals, Loops and Extensions, as described in the Third Supplemental Indenture, page 12, to a point of connection in Section 35-T.27S.-R.1W., with the Consolidated Gas Utilities Corp. 14" gas line, said line totaling 1.51 miles of 3" pipe in Sedgwick County, Kansas.

A 2" lateral line extending south from a point of connection with the 26" pipe line in Section 5-T.23S.-R.3W., Harvey County, Kansas, on the Kansas-Hugoton Compressor Station to Kansas City 26-inch pipe line system, as described in the Third Supplemental Indenture, page 8, to Burrton in Section 29-T.22S.-R.3W., said line totaling 3.48 miles of 2" pipe in Harvey County, Kansas.

An 18" pipe line replacing the former 16" pipe line on the Wichita Air Force Base in Section 6-T.28S.-R.2E., Sedgwick County, Kansas, on the Wichita Compressor Station to Ottawa Compressor Station system, as described in the Original Indenture, page 69, said line totaling 0.59 miles of 18" pipe in Sedgwick County, Kansas.

A 3" lateral line extending south from a point of connection with the 26" pipe line in Section 36-T.16S.-R.17E., Franklin County, Kansas, on the Kansas-Hugoton Compressor Station to Kansas City 26-inch pipe line system, as described in the Third Supplemental Indenture, page 8, to Pomona, Kansas, in Section 6-T.17S.-R.18E., said line totaling 0.51 miles of 3" pipe in Franklin County, Kansas.

A 10" pipe line extending east from a point of connection with an existing 16" pipe line in Section 8-T.31S.-R.17E., Montgomery County, Kansas, on the Cotton Valley-Petrolia system, as described in the Original Indenture, page 50, to a point of connection with an existing 8" pipe line near Parsons, Kansas, in Section 12-T.31S.-R.19E., Labette County, Kansas, on the Cotton Valley-Petrolia system, as described in the Original Indenture, page 50, said line totaling 2.92 miles of 10" pipe in Montgomery County, Kansas, and 12.95 miles of 10" pipe in Labette County, Kansas.

A 2" lateral line extending north from a point in Section 6-T.44N.-R.33W., Cass County, Missouri, on the Ottawa Measuring Station to Sedalia system, as described in the Original Indenture, page 55, to Cleveland, Missouri, in Section 32-T.45N.-R.33W., Cass County, Missouri, said line totaling 0.45 miles of 2" pipe in Cass County, Missouri.

A 2" lateral line extending westerly from a point in Section 20-T.10S.-R.17E., on the Valley Falls 8" lateral, Hackell Junction to Topeka system, as described in the Original Indenture, page 59, to Meriden, Kansas, in Section 18-T.10S.-R.17E., Jefferson County, Kansas, said line totaling 2.18 miles of 2" pipe in Jefferson County, Kansas.

A 2" lateral line extending south from a point of connection with the 26" pipe line in Section 34-T.16S.-R.17E., Osage County, Kansas, on the Kansas-Hugoton Compressor Station to Kansas City 26-inch pipe line system, as described in the Third Supplemental Indenture, page 8, to Quenemo, Kansas, in Section 10-T.17S.-R.17E., Osage County, Kansas; said line totaling 1.57 miles of 2" pipe in Osage County, Kansas.

A 10" pipe line extending northerly from Craig Station in Section 36-T.12S.-R.23E., Johnson County, Kansas, and looping the present 16"
