Repairs
Eudora Bridge

The Frisbie Bridge Company of Topeka, Kansas has been authorized to proceed with repairs of #3 pier of the Eudora Bridge which was damaged by fire. The repairs are to be made in accordance to the instructions of Finney & Turnipseed, consulting engineers. The estimate for repairs is from \$350.00 to \$500.00. Leavenworth County will be billed for their share of the repair expenses.

PROBLEM: BROKEN ARROW POND
DRAINAGE
DISTRICT

The Wakarusa, Haskell, Eudora Drainage District appeared before the Board with their Attorney Mr. Bob Oyler. Representing the District were the President, Mr. Bill Maier; Secretary, Mrs. S. R. Reynolds; Treasurer, Mrs. Ray B. Roberts. The District discussed with the Board their feelings concerning the proposed fishing pond and ice skating rink at Broken Arrow Park. The District feels that the construction of the pond will obstruct the natural flow of water, thus complicating an existing problem of water that cannot drain properly from the land. The District requests that the County help with the cost of cleaning the ditch that carries most of the water. Since there was some legal question concerning whether or not the area in which the pond is to be constructed is a natural and legal water-flow area, the Board scheduled another meeting with the District on Wednesday, April 10. Also scheduled to attend that meeting are the township involved, & the City of Lawrence.

MOTION: LOCATION OF
TELETYPE
EQUIPMENT

It was moved by Mr. Booth and seconded by Mr. Kampschroeder that Resolution 68-4 pertaining to a location for terminal and teletype equipment as requested by Senate Bill #344 be approved. Motion carried unanimously. See copy of Resolution on file with the County Clerk.
