THE WORLD CO., LAWRENCE, KANSAS 66078-8-87

*Clinton Parkway  
project;  
right-of-way  
for roadway*

Mr. L. D. Rice, Co. Engineer, met with the Board to discuss the matter. The Board expressed to the representatives of the Corps their feeling of the need for acquisition of this land, as the proposed plans for Clinton Parkway project a roadway running along the North side of the 75 Acre tract, and it has always been the assumption, based on previous conversations that Douglas Co. could secure the necessary right-of-way for this roadway after the land was acquired by the U. S. Government. Mr. Craig and Mr. Henry also advised that the terrain of the 75 Acre tract would lend itself to good public use of the area for picnicking and camping and the development of a park site.

*Letter to be  
sent Colonel*

Mr. Craig and Mr. Henry advised that the matter was in serious jeopardy by the Corps at this time, and suggested that an immediate communication to the Colonel in charge of the District would be in order, setting forth our feelings relating to the need. The gentlemen were advised that a letter to the Colonel would be forthcoming.

No further business, the Board adjourned to meet on Monday, December 28, 1970.

C. Poin-dexter at Oak Lodge, Rt. 1, Baldwin, and the second to Winston B. Harwood at Harwood's Meats, Rt. 5, Lawrence.

*Wakarusa  
Drainage  
Board  
discussion*

*Cons. of  
drainage  
ditch*

Board met with the three members of the Wakarusa Drainage Board, and discussed the possible construction of a drainage ditch running parallel with the Township road commonly known as the Armstrong Road, just West of the intersection with Louisiana Street. Commissioners advised the Drainage Board to check with the Kansas Water Resources Board to ascertain the legal authority for the Drainage Board to change the water course and construct such a ditch. If authority for the construction is legally authorized, the Board of County Commissioners requests that the ditch be located outside of the road right-of-way, said right-of-way to be increased from the present 50 ft. to a minimum of 70 ft. by dedication of the additional land along the side of the road upon which the ditch is constructed. Upon completion of the construction of the ditch to an Eastern point intersecting with Louisiana Street, the Board of County Commissioners will furnish and install the necessary tubes to provide a crossing of Louisiana Street and a discharge into Floodway #1 of the lower Wakarusa Watershed. Furnishing and installation of these tubes will in no way obligate the Douglas County Board of Co. Commissioners in the operation of/or maintenance of the waterway, which will be constructed and operated by the Wakarusa Watershed Board in cooperation with other State and Federal Agencies.

*Offer from  
Mr. Wells  
land for  
Park site*

Lawrence-Douglas Co. Planning Director, Ron Short, appeared before the Board to advise of an offer made by Mr. Wm. Wells of Topeka, Kans., to donate approximately 20 Acres of land to the County for use as a park site; 20 Acres situated in Sec. 36-13-19, approximately 3 miles So. of the Lawrence City limits and 1/2 mile East of U.S. 59 on the County road known as the Sibleyville Road. Conditions of offer to donate being that the Board of County Commissioners would agree to install a 6 ft. high chain link boundary fence and to preserve the existing terraces to prevent erosion of the soil. Estimated cost of the fence, \$8,000. Offer of land would include a 60 ft. wide roadway connecting the tract with the Sibleyville road.

Board took the offer under advisement with a decision to inspect the property in the very near future, and at that time make a final decision relative to the offer.
