Ward Thompson
& John Derrick
discussed
transportation
problems of
elderly &
handicapped

Mr. Ward Thompson, representing Union Cab Company and Yellow Cab Company, Inc., holders of the Lawrence taxi franchise, and Mr. John Derrick, Welfare Director, appeared before the Board to discuss possible solution to the problem of transportation for the elderly and handicapped citizens of our community. Mr. Thompson indicated that there possibly will be funds available from the Urban Mass Transportation Administration which will be coordinated with the local transportation committee of the Council on Aging. Mr. Thompson proposes that his company would charge a nominal fee for the transportation of eligible elderly and handicapped citizens with the federal program subsidizing such operation. Mr. Derrick indicated that many welfare clients throughout the county were in need of such special transportation service. Discussion developed that the Board was in complete agreement that the transportation costs to the elderly and handicapped citizens of our community were an item of considerable concern to these citizens. It was moved by Mr. Ice that we support and endorse all efforts by Mr. Thompson to coordinate transportation subsidization by the federal agency with the Council on Aging of our community, and further that we request Mr. Derrick to work closely with the program in order that elderly and handicapped welfare clients may be properly served by the program should it become operable. Motion was seconded by Mr. Cragan and carried unanimously.
