Auditors:  
Overdraft in  
Riverside #8  
bond & interest  
account

The Board noted receipt of a letter from Warren Barrand, Lesh Barrand Schehrer, Accountants for Douglas County, with the following information:

Recently an overdraft in the Riverside #8 bond and interest account, a part of the bond and interest control fund, was called to your attention. The deficit was caused by certain properties being removed from the benefit district and reapportionment of the costs was not made to the remaining property owners.

I have conferred with Dan Young and Charles Stough, attorneys, and we are in agreement that Kansas Statute 19-2742 applies to this situation. That statute says, in part, "If at any time there is a deficit in any such bond and interest fund, the governing body shall make such tax levy on the assessed valuation of all land and improvements in the sewer district as is necessary to raise the required funds to pay the deficit and pay the principal of the bonds and interest in full."
