request for the Conditional Use Permit. After being certain that all had been heard who wished to comment on this item, Mr. Stoneback moved that the Board approve the recommendation of the Lawrence-Douglas County Planning Commission which was to grant this Conditional Use Permit subject to the following requirements and stipulations as set out by the planning commission:

1. That the entrance from the quarry to the county road be constructed to the standards set by the County Engineer.
2. That the pond be located further to the northwest so all runoff coming from the stockpile area will drain into the pond.
3. That all regulations set by the Environment Protection Agency; State of Kansas, Department of Health & Environment; U. S. Mining Enforcement and Safety Commission; State Department of Agriculture, Water Resources Division be strictly adhered to.
4. That the reclamation plan proposed by the applicant be followed.
5. Prior to the alteration of the present physical condition of the land, a screening buffer of plant materials be placed along the northern border.
6. That a 100 foot setback be maintained along all boundaries and be shown on the plan of operation site plan presented by the applicant.
7. That the Conditional Use Permit and site plan be subject to review annually by the planning staff.
8. If any washing of rock is to be done, a second pond is to be located upstream from the first pond.

Motion was seconded by Mr. Whitenight and carried unanimously.
