This agreement is entered into with the express intent that the Emergency Preparedness Division of Douglas County, Kansas, and the Douglas County Chapter of the American National Red Cross shall understand their mutual responsibilities and merge in complete cooperation in the dispatch thereof. It is expected that the operations of both parties shall be so correlated and integrated as to function with highest regard to the duties of each in the discharge of responsibilities and to function at all times in the public interest.

During the ensuing discussion it became apparent that there existed some differences of opinion as related to areas of responsibility between personnel of Douglas County Red Cross and the Emergency Preparedness. The discussion concluded with agreement that any such differences could be and would be resolved through more complete communication and determination on the part of all concerned to cooperate fully in coordinating all Emergency Preparedness efforts. Following this discussion it was moved by Mr. Whitenight that the Board concur in this statement of understanding between Douglas County and the Douglas County Chapter of the American Red Cross, seconded by Mr. Heck, and carried.
