At 10:00 a.m., Mr. Richard McClanathan, Lawrence-Douglas County Planning Director, presented to the Board Item No. 7 of the minutes of the Lawrence-Douglas County Planning Commission meeting of August 29, 1976, which item relates to a request to rezone approximately 28 acres from A (Agriculture) to I-2 (Light Industrial). The area requested for rezoning is generally described as being located on the north side of Douglas County Road No. 458 and 1055 approximately 1300 feet east of their intersection with Wakarusa Township Road No. 9-A. The application is submitted by David and Edith Denham. Approximately fifteen residents and landowners concerned with this zoning matter were present. Following Mr. McClanathan's presentation to the Board, attorney Dan Thomas spoke representing the applicants. Several residents spoke in opposition to the rezoning and attorneys John Immel and Olin Petefish, representing certain residents of the area spoke in opposition to the rezoning. The Board noted that a formal protest petition had been filed which requires that to change zoning as requested would require unanimous vote of the Board of Commissioners. After hearing all comments in the matter it was moved by Mr. Whitenight that the Board concur with the recommendation of the planning commission which recommendation was for denial of the requested rezoning, seconded by Mr. Stoneback, and carried unanimously.
