Mining: app  
conditional use  
permit for N. R.  
Hamm Quarry, Inc.

At the appointment hour of 10:00, designated for public hearing on planning items, Lawrence-Douglas County Planning Director Dick McClanathan appeared before the Board to present an application for a conditional use permit submitted by N. R. Hamm Quarry, Inc. The permit request was forwarded to the Board of Commissioners with a unanimous recommendation from the planning commission subject to certain conditions. After thorough discussion on the matter it was moved by Mr. Neis that the recommendation of the planning commission be accepted subject to those conditions as amended by the Douglas County Commission. The conditions follow:

1. That entrance to the site from County Road 1029 be constructed to standards and specifications set by the County Engineer;
2. That all applicable regulations of the Environmental Protection Agency, Kansas Department of Health and Environment, U.S. Mining and Safety Commission, Kansas Department of Agriculture-Water Resources Division, and any other applicable agency be strictly adhered to, and that any permit required by these agencies be obtained;
3. That the applicant, N. R. Hamm Quarry, Inc., enter into an agreement with Douglas County Board of Commissioners in regard to the maintaining of that portion of Douglas County Road No. 1029 regularly used by N. R. Hamm Quarry, Inc. vehicles in the operation of the quarry for which the Conditional Use Permit, No. CUP-11-5-76, is approved. Such agreement shall provide and require that upon the applicants opening of the aforementioned approved quarry he (N. R. Hamm Quarry, Inc.) shall be responsible for dust proofing said County Road No. 1029 a minimum distance of 300 feet in either direction in front of any home along the affected portion of said County Road No. 1029. Maintenance costs of this road shall, during period of quarry operation, be the responsibility of N. R. Hamm Quarry, Inc. for the duration of the Conditional Use Permit and said road shall be maintained in such manner as to prevent damage to vehicles utilizing the road and to prevent, to the extent practical, the occurrence of unsafe driving conditions that might result from the condition of the roads.
4. That the plan of operation, setbacks and reclamation plan proposed by the applicant and attached to or shown on the application be followed, and that the applicant file a performance bond with the County Zoning Administrator, in an amount set by the Board of County Commissioners, to insure compliance with the reclamation plans within six months of the termination of quarry operations, and that such bond shall also insure the maintenance of County Road 1029 used by the quarry operation to original condition or as might otherwise be agreed to in accordance with Condition No. 3. The amount of the performance bond shall be based upon \$1500/acre for any land area disturbed and not reclaimed at this site, however, the Board of County Commissioners may amend or require a revised base figure at any time they believe such to be reasonable;
5. That this Conditional Use Permit shall be subject to annual review by the planning staff; and
6. That the berm be covered with vegetation, meeting the recommendations of the Soil Conservation Service.

Motion was seconded by Mrs. Bradley and carried unanimously.
