Amendment to
previous easement
with Hoag

The Board considered an amendment to its approval of an easement for an approved private way providing access to a particular piece of property which had been purchased by Mrs. Donna Hoag. This original approval had been granted on March 10, 1977 and is amended by an easement granted from Dr. William A. Bailey and Linda Bailey dated May 17, 1977 which has been recorded with the register of deeds in Book 318, Page 256. This additional easement has been granted to Mrs. Hoag in an effort to cut down on the extensive expenditures required based on the original route granted. This change will allow the elimination of the requirement of a major drainage tube in her original easement.
