Valleyview app.
Contract to remodel
room for Margaret
D. Moore. Patient
will pay for work

Ms. Smith presented to the Board for its consideration a contract document between Grace M. Heider and the Board of Commissioners of Douglas County, Kansas. Lengthy prior discussion has been held on the formation of this contract and it provides as follows: That Margaret D. Moore is a sister of Mrs. Heider and is eligible to move to Valleyview Care Home but requires a private room with adjoining bath because of her inability to see and to hear; that Douglas County does operate and maintain a nursing home facility known as Valleyview Care Home, which facility can, by minor remodeling, provide a room with adjoining bath for the patient and the estimated cost for this remodeling is \$3,000. It is agreed by this document by Mrs. Heider to provide funds not to exceed \$3,000 for the cost of making the improvements suggested and in consideration for these funds Douglas County agrees to contract for improvements and to have them completed no later than 1 March 1978. It is understood by this agreement that upon completion of the improvements and payment by Mrs. Heider that the facility will be made available to the patient Margaret D. Moore on the following terms: That Margaret D. Moore will have the use of said facility except in the event of an emergency-epidemic where all isolation facilities in the community are in use, in which case the quarters used by Margaret D. Moore could be taken on a temporary basis as an isolation area, or, in the case she needs skilled nursing care elsewhere; that payment for patient Margaret D. Moore will be made for regular room charges as a private patient or as a Medicaid patient if qualified. After a complete review of the contract document by this Board and by County Counselor Dan Young it was moved by Mrs. Bradley that this contract be approved, seconded by Mr. Neis, and carried unanimously. A copy of this contract will remain on file in the commission office.
