The Board then considered a Site Plan Review, SP-5-18-80, which is a request for approval for boat sales and service and carpet installation business located north of Midland Substation on County Road 1051, submitted by Arnie Morgison. This site plan was presented to the Board by the Lawrence-Douglas County planning staff recommending approval, subject to the following conditions:

- (1) That the proposed building be moved two feet to the north so it is twenty feet from the side property line; and,
- (2) That all exterior storage be screened from view from County Road 1051.

After a complete review it was moved by Mr. Neis that the Board approve the site plan, subject to the above-described conditions, seconded by Mr. Cragan, and carried unanimously.

David Guntert, staff member of the Lawrence-Douglas County Planning Department, presented the Board Item No. 14A from the minutes of the Lawrence-Douglas County Planning Commission meeting of June 25, 1980. Wayne Kellum, zoning administrator, was also in attendance. This item is a reconsideration by the Planning Commission of an amendment to the Clinton Reservoir Mini-Comprehensive Plan to relocate a major commercial center from the intersection of U. S. Highway 40 and Kanwaka Township Road 55 (one mile east of Kanwaka Corner) to the intersection of U. S. Highway 40 and County Road 442 (Kanwaka Corner). This item was returned to the planning commission from the Board of County Commissioners for further study and consideration. This item comes to the Board with a recommendation of approval from the planning commission. After discussion it was moved by Mr. Neis that the Board go on record as not concurring with the Clinton Mini-Plan amendment to relocate a major commercial center from the intersection of U. S. Highway 40 and Kanwaka Township Road 55 (one mile east of Kanwaka Corner) to the intersection of U. S. Highway 40 and County Road 442 (Kanwaka Corner), seconded by Mr. Cragan, and carried unanimously.
