The following communication was received
 To the Hon Board of County Commissioners of Douglas Co.

The Case of the Seaworth Lawrence and Galveston Railroad Co. vs. Douglas County in error is now pending in the Supreme Court of the State of Kansas, but the docket is made up for the trial of Cases at the January term of said Court does not contain the said case and we think that unless the case is set for trial to the Court by special agreement with the attorney for the plaintiff in error and the consent of the Court that the case will not be tried before the July term 1877 and thereby the great delay will render the collection of the judgment, should it be affirmed more uncertain, if not defeat it entirely; and as we think there is danger that the statute of limitation will have run against any right of action we may now have against parties indebted to said company and from whom the amount of said judgment is to be made
