Request for the Co. Attorney Sh. Brownell - I desire your opinion on the following question. First. The law provides for that the Sheriff shall receive \$150 per day for attending a court of record we have been paying a court Baliff 2⁰⁰ per day during the term of Court. And one Baliff to take charge of the jury 2⁰⁰ per day. I find that in our Co. that the 2 Baliffs are not employed and that the Sheriff performs those duties for \$150 per day allowed him by law.

Question 2. This County has been furnishing the Sheriff with a Residence to live in with fire to heat the same and Gas to light his residence with. I desire your opinion on these questions to see whether the Commissioners have a right to allow the bills for those different items.

I remain Respt J. C. Watts
