The Board accepted the following proposition from Graeber Bros. in reference to the heating of the New Jail:-

Jail Heating Proposition
We herewith submit a proposal for the furnishing and placing one "Furman" sectional cast iron steam boiler suitable to carry the radiation specified to be placed in the New Jail & Jailers Residence. We will place this boiler complete for the sum of one hundred (100⁰⁰) dollars, but it is understood that we are to leave out the specified connections to the original specified tunnel and connections to steam boiler in court-house. The above proposal contemplates the necessary changing of steam mains to accommodate the placing of the boiler. In case you decide to burn gas in this boiler, we will place "Perfection" Natural Gas Burners in the same connecting it up complete for the sum of Twenty five (25⁰⁰) dollars.

Respectfully submitted

Graeber Bros.

Board adjourned to meet Nov. 5, 1908.

Attest:-
