of the work, said fee not to exceed the sum of Ten Thousand (\$10,000.00) dollars and said payments to be made as follows:

(a) Upon completion of the plans and specifications and the approval and acceptance of same by parties of the first part and the Public Utilities Commission, when one half (1/2) of the money to construct said bridge is on hand, one and one half per cent (1-1/2%) of the estimated cost of the work.

(b) When the contract is awarded, one and one half per cent (1-1/2%) of the contract price.

(c) As the work progresses, two per cent (2%) of the amount of each monthly estimate.

(d) When the work is finally completed, an amount equal to five per cent (5%) of the total cost, less all previous payments.

It is understood by both parties hereto that the intent of this agreement is that the parties of the second part are to perform at their own expense all engineering work of every kind necessary to design and construct a bridge at the above named location, first class in every respect; that they shall receive as full and complete compensation for such services as sum or sums aggregating five per cent (5%) of the total cost of the construction of the bridge and approaches thereto and the removal and storing or disposal of the old spans and piers, said five per cent (5%) above mentioned, not to exceed the sum of Ten Thousand (\$10,000.00) dollars.

The costs of the right-of-way and property damages are not to be considered as a part of the cost of the construction.

In Witness Whereof, both parties have hereunto set their hands and seals the day and year first herein written.

The Board of County Commissioners. (1st party)

By Gust H. Brunne
Chairman.

Attest Norman D. Baker, Clerk.
