

that its height at the south end where it joins the dam shall not exceed there (3) feet above the top of the dam and that it shall slope upwards for approximately one hundred and twenty (120) feet, so that it shall not exceed seven (7) feet above the top of the dam at the north end thereof.

It is further considered and ordered: That the Bonnard Mills & Power Company shall cut down and remove at its own cost the expense said fill as above indicated, and shall begin work thereon immediately and press forward the work with due diligence and speed.

It is further considered and ordered: That no obstructions of any kind shall be attached to the present bridge which would in any way interfere with the discharge of the water under the bridge or obstruct the waterways provided under the plans approved by the Public Utilities Commission in Docket No. 1100.

By the Court it is so ordered.

} Judges -

Attest.

Leah H. Moore, Clerk.

The board took up the appeal of J. O. Bowser from the decision of the County Superintendent refusing his application for transfer from School District No. 31 to School District No. 25 (Clinton). The decision of the board, after hearing the testimony and arguments of attorneys, was that the application of Mr. Bowser be granted and that he be transferred from School District No. 31 to School District No. 25, the transfer to be effective from and after the date. This decision of the board was arrived at by Motion made, seconded and passed.

Claims against the County were presented, audited and allowed, for which see September Allowance Record.

The order of the Commissioners in the case of the appeal of J. O. Bowser from the decision of the County Superintendent in the matter of his petition for change of transfer from one school district to another is as follows:

Before the County Commissioners of Douglas County, Kansas.
In the matter of the appeal of J. O. Bowser from the decision of O. J. Lane, County Superintendent, in the matter of his petition for change of transfer
