

Saturday February 23-1924

The following recommendation was made by E. B. Trueblood, county engineer, to the Board.

"I have checked over the figures of the different bidders on the French bridge and find that Brum Bros offered the lowest & best bid at \$1240⁰⁰ and is below the engineers estimate.

I therefore recommend that you award this contract to Brum Bros."

A motion made by Steele, seconded by Kretzinger, that Brum Bros. be awarded the contract upon their furnishing proper bond, carried unanimously.

On motion by the Board the County Clerk was ordered to return the deposit money to the unsuccessful bidders.
