Clerk, met as a Board of Equalization in the Chambers of the County Commissioners as prescribed by Law. The meeting was for a three-day session for the purpose of hearing complaints or requests for changes in valuations as placed by the deputy assessor upon improvements made on real estate since the assessing period of 1934. Only one person, namely, Julius Marks, appeared before the Board and his valuation was reduced from \$4000.00 to \$2500.00 on the improvements made on his property Lot 108 Louisiana Street. The Board of County Commissioners of Douglas County met in regular adjourned session at the appointed hour with all the Commissioners, namely, James F. Brass, Chairman, Chris Schaake and Earl T. Black, Commissioners, and County Clerk, U. S. G. Plank, present.

Business for record was in the main, the allowing of the final grist of bills for labor and materials for the County, and for the relief of the destitute which were allowed and ordered paid.

While nothing formal for record was transacted, it is worthy of note that representatives of various organizations, namely, Chamber of Commerce, City, Grant Township, War Department, by its district engineers located in Kansas City, and others interested, met with the Board of County Commissioners to discuss floods and flood-control measures in an informal way. The subject was discussed to some length, all discussion pointing toward an effort for permanent flood-control of Kaw floods in Douglas County.

The Board adjourned to meet at 9:30 a. m., Friday June 14, 1935.
