*Nick Thome
Road*

The Clinton Township Board with persons interested in the road, previously designated as the "Nick Thome" Road, met with the Board of County Commissioners and discussed at length the possibility of improving said road. The discussion closed with the suggestion from the County Commissioners that a petition be prepared and presented to the Board of County Commissioners, setting forth specifications as to the improving of the road and securing signatures, designating the amount of contribution by each signator.

The matter of the Barker-Kampschroeder, which has simmered for sometime, was finally disposed of upon securing the signature of C. S. Barker to his damage claim under date of October 3, 1936. The final action of the Board of County Commissioners follows:

FINAL ACTION OF THE BOARD OF COUNTY COMMISSIONERS ON THE ROAD PETITIONED FOR
by Mrs. Effie Kampschroeder and Others:

The petition of Mrs. Effie Kampschroeder and others for the establishment of a road being under consideration of the Board for final action, it is determined and ordered by the Board that the public good and convenience does require that said road as viewed, located and surveyed be established.

We determine and order the width of said road shall be 40 feet.

And it hereby so ordered by the Board and that these proceedings and the report of survey be recorded. It is also ordered that the Trustee of Clinton Township be directed to cause the road opened for public use.
