Earl T. Black moved the adoption of the resolution. James F. Brass seconded the motion. On vote, all the Commissioners voting "Aye".

Clifford Harding of the Rehabilitation Office appeared before the Board, reporting that there was to be an addition to the personnel of said office, and requested the Board to either allow additional office space or to purchase a file for the office so that papers, now filed in temporary boxes, may be placed in said file thus leaving sufficient space for another person to work.

The Board informed Mr. Harding that the disposition of the request would be taken up at the next meeting of the Board.

One named Mr. Ed Stice, Salesman for the John D. Adams Company of North Kansas City, Missouri, came before the Board concerning the County's need of a ripper.

The Board of County Commissioners set a meeting date Wednesday May 19, at 2 o'clock P. M., and asked Mr. Stice to submit a bid at that time for the said ripper.

John E. Metsker, Superintendent of the County Farm and Mildred D. Watson Poor Commissioner, discussed with the Board the need of about three picnic tables for the County Farm.

It was suggested by Mrs. Watson that the Board furnish the material for the making of such tables and that the N. Y. A. boys construct them. It was agreed by the Board that Mrs. Watson be delegated to see that the tables were constructed as above mentioned.

No further business appearing, the Board adjourned.

Board of County Commissioners.

May 17, 1937

The Board of County Commissioners convened at 9:30 A. M., for the purpose of resolving itself into a Board of Equalization to adjust any discrepancies that may have arisen during the 1937 assessment period. All the Commissioners, namely: Chris Schaaake, Chairman, Earl T. Black and James F. Brass, Commissioners, and T. R. Gerhart County Clerk were present.

Mr. C. F. Hardtarfer and Mr. A. T. Hatfield, appeared before the Board in reference to the valuation on their property described as:

Less N 53' of N $\frac{1}{2}$ of Lot 17, Less N 53' of N $\frac{1}{2}$ of Lot 19, and
less N 53' of N $\frac{1}{2}$ of E 133' of Lot 21, in Park Street.

The request was for the reduction of the valuation placed on the building at the last assessment period on real estate. Messrs. Hardtarfer and Hatfield claim that the building originally constructed and maintained as a theatre has an assessed valuation in excess of its true value.

The Board discussed thoroughly with the above mentioned people, and finally advised them that the matter would be taken under consideration.

George Ecke appeared before the Board in regard to the removal from the Assessment Roll of a house described as Lot 116, Tennessee Street, which has burned down. Mr. Ecke was informed that the house has already been removed from the Assessment Roll.

Mary L. Palmer came before the Board claiming that the valuation on improvements on property described as: Beg. 225' S of SECor of Q. and La. Sts., S 75', E 250', N 75', W 250', is out of line as compared with adjacent properties.

The Board took the matter under consideration.

Mrs. R. C. Mitchell of Baldwin, Kansas, appeared before the Board, claiming that her personal property assessment for 1937 was too high.

It developed that a clerical error had occurred which accounted for the excess valuation.
