The awarding of the contract for the work specified above, was not made at this time.

At the hour of 1:30 P. M., a meeting was held with the Eudora Township Board, in regard to a road project between Sections 9 and 10, Twp. 14, Range 21 and road between Sections 23 and 26 Twp. 13, Range 21. The Board instructed the Eudora Township Board to see the County Engineer about making arrangements in making plans.

At 2 o'clock, as per appointment, the Wakarusa Township Board, Mildred LeSuer, Fred Peterson, Frank Topping, C. C. Stewart and I. C. Bushong met with the Board of County Commissioners, in an effort to clarify the matter of Wakarusa's Township obligation for improvements of Crescent Road, said obligation to be in the approximate amount of \$1400.00.

Frank Topping and Fred Peterson, two former members of the Wakarusa Township Board stated that they were ignorant as to the responsibility of Wakarusa Township, until after the project was completed. They, then, compromised with the people in agreeing to pay \$1400.00 as their contribution. Ed Johnson, Trustee of Wakarusa Township Board, claims that he knew nothing, whatsoever, about the Board agreeing to contribute the \$1400.00. It was finally decided by the present township Board that if the County Board would present a bill for the amount due, and if said bill was legal, the township board would allow the bill. (County agrees to pay interest on note due.)

A. M. Gardner, County Treasurer and Mrs. Jerry Holloway, wife of city clerk of Leocompton, discussed with the Commissioners on certain property located in Leocompton City.

Further claims against the county for supplies, materials etc. were allowed by the Board as recorded on the Allowance Record this day, upon proper motion of the Board.
