March 7, 1941.

A majority of the members of the Board of County Commissioners, namely, L. H. Griffith, Chairman and Ed Johnson, Commissioner, and the County Clerk T. R. Gerhart, met this day as per adjournment. Commissioner J. M. Sanderson was absent because of illness.

Asa Colman, Bindweed Supervisor, presented his need for a stenographer to do his stenographic work on bindweed. He said that Mrs. Esther McKinney, stenographer in the Superintendent of Schools office, would do this work for 25¢ per hour. The Board gave its approval for Mrs. McKinney doing this work at the wage of 25¢ per hour.

Bills for wages and materials were presented to the Board for payment. After scrutinizing same, said bills were passed in amounts as recorded on the Allowance Record in the office of the County Clerk.

Barr Correll presented his verbal application for a job with the county. He was told that his name would be placed on file for future consideration.

In the interest of securing an increase in wages for Cecil Georgie, Jailer, appeared a delegation of colored citizens, consisting of the following: Mrs. John Clark, Mrs. S. K. Holmes, A. E. Strode, Fred Taylor, Fred E. Johnson and Ed Harvey. Fred Taylor stated that he did not think this job should pay under \$80.00 per month. He said further that at one time he was offered this job at \$90.00 per month but on applying for work, discovered that the job had been given to another man. Ed Harvey said that they wanted fair play--that this job was worth at least \$90.00 per month. Several other members of the delegation spoke in favor of an increase for Georgie.

Hugo Schott from Marion Township requested that the county improve the road running by his property in Section 2-15-18. He said that they, also, needed a bridge over the creek. He said there were times when they were unable to get away from home because of the condition of the roads. The Commissioners asked if he would be satisfied with a foot bridge across the creek in order that his children may go to school. Mr. Schott said he would be glad to put the plank in if he had some. If the children could cross the creek they had to go only about 1 3/4 miles to school, while now, by having to drive around it is five miles. The road in question is not traveled but very, very little. There has been no work done on it for 12 or 15 years. The Board wished to confer with the road department before a definite answer could be given.

The Board adjourned to meet at 9 o'clock A. M., Wednesday, March 12.
