Jack Vincent of the Lawrence Hardware Company was called in to give his prices on paint, with which the Board is planning to have the buildings at the Lone Star Park painted. He recommended that the county use paste, rather than lead, since the latter has a tendency to chalk. After considerable discussion on prices etc, J. M. Sanderson moved that the county purchase the white paste from the Lawrence Hardware Company at the price of \$2.65 per gallon and also oil at \$1.00 per gal and turpentine at 70%. Ed Johnson seconded the motion. On vote, called by Chairman Griffith, all Commissioners voted "Aye".

A delegation, consisting of George Hedrick, Cecil Hough, Charles Bayles, John Skie and Ed Abels, met with the Commissioners for the purpose of discussing ways and means of improving the Lone Star Park and disposition of the buildings at the camp site. Several suggestions were made by Mr. Bayles in regard to cleaning up the debris and dirt around the buildings. Other suggestions of convenience to the public were made by other members of this delegation.

The Board adjourned to meet Monday, May 19, 1941.
