Members of the newly organized tire rationing board, namely E. W. Ousdahl, M. D. Flory and F. O. Eckman met with the Board to discuss several matters in general pertaining to supplies etc. The tire board decided to meet every Wednesday morning at the courthouse.

A member of the Sheriff's office discussed with the Board the matter of installing a radio in each deputy's and sheriff's car. The Board has already agreed to allow \$300.00 for the purchase of same, but due to the increase in price of radio and equipment and the cost of installation, there is a deficiency of approximately \$42.00. The Board finally authorized the Sheriff's office to go ahead with purchase and installation and the county would be responsible for the balance of cost.

Lathrop Read, Jr., Undersheriff, spoke to the Commissioners about the City's request for \$10.00 per month for the cost of power used for the additional radios which the county is contemplating on installing in county peace officers' cars. Read believes that this amount is excessive and stated that probably \$50.00 per year would be sufficient to take care of the additional cost to the city.
