

COMMISSIONER'S RECORD P

July 14, 1960

The Board of County Commissioners met in special session for the purpose of meeting with the representative of the State Highway Department and the Representative of the Federal Government concerning the right-of-way for the proposed road to the missile site in Marion Township. Present were Walter Kampschroeder and Will Hayden from the Board of County Commissioners, L. D. Rice, County Engineer, Mr. Scully from the State Highway Department and a representative from the Federal Bureau of Public Roads.

The appraisal of the right-of-way by Les Demeritt was discussed, also the claim by the owner, Mr. Stoebener. No definite action was taken but it was the opinion of both the Commissioners and the representatives of the other agencies that we attempt to work out a compromise if Mr. Demeritt could see his way to raise his appraisal to some extent.

The Board adjourned.
