Install lighting
on new baseball
diamond at
Fairgrounds

Mr. Caine, Mr. Pierson and Mr. Pouchee appeared before the Board to discuss with the Board plans of the Douglas Co. Amateur Baseball Assn. to carry on their baseball program at the Fairgrounds during the coming year. The Board agreed that our park staff would provide the same minor construction items which were provided for the diamond constructed in 1971, but that we could not participate in the lighting of the new diamond now being built. The representatives of D.C.A.B.A. indicated that they planned to attempt by individual contributions to install lighting on this second baseball diamond. It is the understanding of all concerned and this understanding was agreed upon by the representatives of D.C.A.B.A. that any equipment, lighting or otherwise, permanently installed at the Fairgrounds becomes property of Douglas County and could be removed only by the agreement by the Board of County Commissioners.
