Add to Section 901:

11. Easement. A right or privilege for the use of land granted by the owner for a specific use or purpose to another or to the public; also, the tract of land covered by such authorization of right or privilege.

*Site Plan
for Heetco, Inc.*

The Board then considered a Site Plan Review, SP-10-44-79, which is a request for approval of a site plan for an addition to Heetco, Inc. located along the west side of US-24, US-59 Highway, North of Lawrence, Kansas. This site plan was presented to the Board by the planning staff recommending approval, subject to the following conditions:

(1) If possible, reconstruct and relocate the existing south driveway. It should be adjusted north to provide 20 feet separation between the south property line and the south edge of the driveway as illustrated on the plan.

(2) We would prefer that a permanent barrier curb be constructed along the right-of-way line to restrict encroachment by vehicles. Also, the buffer area between the right-of-way line and the edge of pavement must be clear of any obstructions such as signs and propane tanks that are on display.

(3) The following be added to the site plan: (a) the gross square footage of the building and the new addition; (b) the number of employees, parking spaces required and parking spaces shown, and (c) landscaping; trees and/or shrubs along south property line between existing building and curb cut.

After a complete review it was moved by Mr. Neis that the Board approve the site plan, subject to the above described conditions, seconded by Mrs. Bradley, and carried.

The Board then considered the two rezoning items from the February 22, 1978, County Commission meeting. These items are from the Lawrence-Douglas County Planning Commission meeting of January 25, 1978, and are submitted by Brian Kubota for Lake Estates. These items were forwarded from the January 25th Planning Commission meeting with a 4 to 4 vote, which is a failure to recommend to the County Commission. These items were deferred on February 22, 1978, by the Board of Commissioners until the acquisition of right-of-way for Clinton Parkway was settled through dedication by property owners; acceptance of appraisals, or court action. As this question of acquisition of rights-of-way has been resolved for these two properties, the applicant requested review and consideration by the County Commissioners. These items are as follows:

This request is to rezone the 9 acres from A-1 (Suburban Home Residential) to B-2 (General Business).
