

Line 6—A 33,000 volt, wood pole, electric transmission line, approximately one and seven-tenths miles in length, beginning at a point of connection with the present 33,000 volt transmission line of the Company in the northeast corner of Section Eleven (11), Township Eleven East (T-11-S), Range Sixteen East (R-16-E), Shawnee County, and extending to the County Line Substation of the Company in the northeast corner of said Southeast Quarter (SE $\frac{1}{4}$).

GAS TRANSMISSION LINES LOCATED IN THE STATE OF KANSAS AS FOLLOWS:

Line 7—Herington Junction to Herington: A certain six (6) inch steel pipe gas transmission line approximately four and eighty-nine hundredths (4.89) miles in length commencing at a point of connection with the Hope 8 inch line of the Company in the Southeast Quarter (SE $\frac{1}{4}$) of Section 1, in Township 16 South, Range 3 East, Dickinson County, and extending in an easterly direction through Sections 6, 7, 8, 9, 10, and into Section 11 of Township 16 South, Range 3 East to the northeast corner of said Southeast Quarter (NE $\frac{1}{4}$) of Section 11, in Township 16 South, Range 3 East, Dickinson County, all in said township, range and county.

Line 8—Pratt-St. John 12" to Carmi Field: A certain six (6) inch steel pipe gas transmission line approximately five and eighty-eight hundredths (5.88) miles in length commencing at a point of connection with the Pratt-St. John 12" line of the Company in the Southwest Quarter (SW $\frac{1}{4}$) of Section 26, Township 25 South, Range 13 West, Pratt County, and extending in an easterly direction through Sections 25, 24, 23, 22, 21, 20, and 19 in said township, range and county.

Line 9—Hanover-Marysville Line: A certain eight (8) inch steel pipe gas transmission line approximately one and fourteen hundredths (1.14) miles in length, commencing at a point of connection with the Hanover 8 inch gas line of the Company in the northeast corner of the Southeast Quarter (SE $\frac{1}{4}$) of Section 7 in Township 2 South, Range 5 East, Washington County, and extending in a northerly direction through Sections 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, and 31 in said township, range and county.

Line 3—A 33,000 volt, wood pole, electric transmission line, approximately six (6) miles in length, beginning at a point of connection with the present 33,000 volt transmission line of the Company in the northeast corner of Section Twenty-seven (27) in Township Eleven South (T-11-S), Range Twenty-two East (R-22-E), Lawrence County, extending south line to said Section Twenty-seven (27) the southeast corner of said Section (SE $\frac{1}{4}$), and extending thence to the southeast corner of the Northwest Quarter (NW $\frac{1}{4}$) of Section Twenty (20), in Township Eleven South (T-11-S), Range Twenty-two East (R-22-E), Lawrence County, thence to the southwest corner of Section Thirty-five (35), all in said township, range and county; thence continuing south to the southwest corner of Section Two (2), Township Twelve South (T-12-S), Range Twenty-two East (R-22-E), Leavenworth County, thence to the northeast corner of Section Ten (10), thence south to the southeast corner of said Section Ten (10) in Township Twelve South (T-12-S), Range Twenty-two East (R-22-E), Leavenworth County, thence to the southwest corner of the Southeast Quarter (SE $\frac{1}{4}$) of Section Four (4), in Township Eleven South (T-11-S), Range Twenty-two East (R-22-E), Lawrence County, thence south to approximately the southeast corner of the Northeast Quarter (NE $\frac{1}{4}$) of Section Fourteen (14), thence southeasterly to the Loring Quarry Electric Substation located in the Southwest Quarter (SW $\frac{1}{4}$) of Section Thirteen (13), all in said township, range and county.

Line 4—A 33,000 volt, wood pole, electric transmission line, approximately eight and seventy-two hundredths (8.72) miles in length, beginning at a point of connection with the present 33,000 volt transmission line of the Company in the northeast corner of Section Three (3) in Township Twenty-three South (T-23-S), Range Ten East (R-10-E), Jewell County, thence southeasterly through Sections One (1), Two (2), Three (3), Four (4), Five (5) to the northwest corner of said Section Five (5), thence southeasterly through Section Six (6) of said township, range and county, thence southeasterly through Sections One (1), Two (2), Three (3), Four (4), Five (5), Six (6), Seven (7), Eight (8), Nine (9), Ten (10), Eleven (11), Fourteen (14) and Fifteen (15) in Township Twenty-three South (T-23-S), Range Ten East (R-10-E), Jewell County, thence to the easterville electric substation of the Company located in the southeast corner of the Southwest Quarter (SW $\frac{1}{4}$) of said Section Fifteen (15).

Line 5—A 66,000 volt, wood pole, electric transmission line, approximately fifty-four hundredths (.54) of a mile in length, added to the present 66,000 volt Lawrence Power Substation in Lawrence County, Kansas, and extending in a northerly direction through Sections Fourteen (14), Township Twelve South (T-12-S), Range Nineteen East (R-19-E), Douglas County.
