

Additional lines constructed in the Wells Storage Field as described in the Original Indenture, page 34, to numerous wells located in the following sections: 27, 28, and 29 T28S, R10E, and Sections 2, 3, 10, 13, 16, and 23 T28S, R10E, said lines totaling 2.16 miles of 4" pipe, 0.20 mile of 6" pipe and 0.66 mile of 10" pipe, all in Anderson County, Kansas.

Additional lines constructed in the Colony Storage Field, to numerous storage wells in Sections 32 and 33 T28S, R10E, and Sections 4, 5, and 27 T28S, R10E, said lines totaling 1.39 miles of 4" pipe, 0.23 mile of 6" pipe and 0.13 mile of 8" pipe, all in Anderson County, Kansas.

A 36" pipe line with a multiple river crossing of 30" pipe extending northerly from a point of connection with the original line to Kansas City 11.67 miles in Section 3, T18S, R24E, Johnson County, Kansas, on the Ottawa Measuring Station to Glavin Measuring Station system, as described in the Original Indenture, page 56, to a point in Section 29 T18S, R24E, Wyandotte County, Kansas, said line totaling 0.28 miles of 30" pipe in Johnson County, Kansas, 0.82 mile of 30" pipe and 1.26 miles of 36" pipe in Wyandotte County, Kansas.

A 4" lateral extending east from a point of connection with an existing 30" pipe line in Section 10 T18N, R24W, Logan County, Oklahoma, on the Oklahoma City Field to Dierholt Gas Storage Station system, as described in the Original Indenture, page 34, to a well in Section 11 T18N, R24W, said line totaling 1.02 miles of 4" pipe in Logan County, Oklahoma.

Additional lines constructed in the Craig Storage Field, as described in the Original Indenture, page 57, to numerous wells located in the following sections: 22, 25, 26, and 27 T12S, R20E, Johnson County, Kansas, said lines totaling 1.05 miles of 4" pipe in Johnson County, Kansas.

A 30" and 16" pipe line replacing the present 16" pipe line in Section 12 T12S, R24E, Johnson County, Kansas, on the Glavin Measuring Station to the several delivery points of greater Kansas City system as described in the Original Indenture, page 57, said line totaling 0.20 miles of 30" pipe and 0.24 miles of 16" pipe in Johnson County, Kansas.

A 10" pipe line looping the present 8" pipe line from Section 5 to Section 8 T28S, R7W, Jewell County, Kansas, on the Hutchinson to Superior system as described in the Original Indenture, page 74, said line totaling 0.8 miles of 10" pipe in Jewell County, Kansas.

An 8" and 10" loop pipe line extending westerly to Pagan Storage Field and an 8" pipe line extending easterly to Iola, Kansas, from the Iola Junction in Section 31 T24S, R18E, Allen County, Kansas, on the Petrolia Station to Ottawa Measuring Station system, as described in the Original Indenture, page 63, with 4" and 8" lines to numerous storage wells in Section 2 T28S, R17E, and Section 3 T28S, R17E, Allen County, Kansas, and Section 4 T28S, R17E and Section 24 T28S, R17E, Woodson County, Kansas, said lines totaling 0.19 mile of 8" pipe, 1.16 miles of 4" pipe and 0.28 miles of 8" pipe in Woodson County, Kansas, and 0.12 mile of 8" pipe, 1.04 miles of 4" pipe, 2.03 miles of 8" pipe and 2.30 miles of 10" pipe in Allen County, Kansas.

A 16" pipe line extending easterly from a point of connection with an existing 16" pipe line in Section 4 T28N, R31W, Newton County, Missouri, to a point in Section 2 T28N, R30W, Newton County, Missouri, and replacing the former 10" pipe line on the Cotton Valley Measuring Station to Springfield, Missouri system as described in the Original Indenture, page 48, said line totaling 8.00 miles of 16" pipe in Newton County, Missouri.

A 16" pipe line extending easterly from a point of connection with an existing 16" pipe line in Section 1 T28N, R27W, Lawrence County, Missouri, to a point in Section 29 T27N, R23W, Lawrence County, Missouri, and replacing the former 10" pipe line on the Cotton Valley Measuring Station to Springfield, Missouri system, as described in the Original Indenture, page 48, said line totaling 11.76 miles of 16" pipe in Lawrence County, Missouri.

A 16" and 14" pipe line extending easterly from a point in the Fort Leavenworth Military Reservation property located in Leavenworth County, Kansas; hence continuing through Sections 11 and 12 T28N, R26W, to a point in Section 10 T28N, R26W, to a point in Section 10 T28N, R26W, in Platte County, Missouri, on the Kansas City 11.67 miles in Section 3, T18S, R24E, Johnson County, Kansas, on the Ottawa Measuring Station to Glavin Measuring Station system, as described in the Original Indenture, page 56, to a point in Section 29 T18S, R24E, Wyandotte County, Kansas, said lines totaling 2.12 miles of 16" pipe and 0.14 mile of 14" pipe in Platte County, Missouri.

A 12" pipe line extending north from a point in Section 34 T47N, R24W, Johnson County, Missouri, to a point in Section 35 T48N, R24W, Johnson County, Missouri, and replacing the former 8" pipe line on the Ottawa Measuring Station to Sedalia System, as described in the Original Indenture, page 56, to a point in Section 35 T48N, R24W, Johnson County, Missouri, said line totaling 6.49 miles of 12" pipe in Johnson County, Missouri.

A 30", 36" and 16" pipe line extending northeasterly from Glavin Measuring Station in Section 22 T12S, R24E, Johnson County, Kansas, to a point in Section 18 T12S, R25E, Johnson County, Kansas, and replacing the former two 16" pipe lines, on the Glavin Measuring Station to the several delivery points of greater Kansas City system, as described in the Original Indenture, page 57, said line totaling 1.20 miles of 30" pipe, 0.40 miles of 36" pipe and 0.33 miles of 16" pipe in Johnson County, Kansas.

A 10" pipe line extending west from a point in Section 34 T30N, R25W, Lafayette County, Missouri, to a point in Section 18 T30N, R26W, Lafayette County, Missouri, and replacing the former Jefferson City pipe line on the Ottawa Measuring Station to Sedalia System, as described in the Original Indenture, page 56, said line totaling 10.43 miles of 10" pipe in Lafayette County, Missouri.

A 36" pipe line extending northeasterly from the Blackwell Compressor Station in Section 15 T27N, R1W, Kay County, Oklahoma, on the Oklahoma City Field to Dierholt Compressor Station system, as described in the Original Indenture, page 62, through Kay and Osage Counties, Oklahoma, to the Oklahoma-Kansas State line, hence continuing northeasterly through Cowley, Chantawqua and Montgomery Counties, Kansas, to the Graham Compressor Station in Section 27 T28S, R10E, Montgomery County, Kansas, on the Cotton Valley-Petrolia system, as described in the Original Indenture, page 49, said line totaling 32.23 miles of 36" pipe in Kay County, Oklahoma, 7.88 miles of 36" pipe in Osage County, Oklahoma, and 5.08 miles of 36" pipe in Cowley County, Kansas, 2.28 miles of 36" pipe in Chantawqua County, Kansas and 12.27 miles of 36" pipe in Montgomery County, Kansas.

A 16" pipe line extending easterly from a point of connection with an existing 16" pipe line in Section 26 T10N, R4W, Cleveland County, Oklahoma, on the Cement Field to Oklahoma City Field-Dierholt system, as described in the Original Indenture, page 62, to a point of connection with an existing 30" pipe line in Section 28 T10N, R2W, Cleveland County, Oklahoma, on the Oklahoma City to Garvin County Gasoline Plants system, said line totaling 10.85 miles of 16" pipe in Cleveland County, Oklahoma.
