

A 6" pipe line extending westerly from a point of connection with an existing 20" pipe line in Section 34-T13N-R2W, Logan County, Oklahoma, on the Oklahoma City Field to Dilworth Compressor Station system, as described in the Original Indenture, page 62, to a gas purchase meter in Section 3-T11N-R3W, Logan County, Oklahoma, said line totaling 6.94 miles of 6" pipe in Logan County, Oklahoma.

A combination 16" and 10" pipe line extending northeasterly from a point of connection with an existing 18" pipe line in Section 18-T13S-R20E, Douglas County, Kansas, to the Haskell Junction to St. Joseph gas pipeline system, as described in the Original Indenture, page 49, a point in Section 8-T11S-R17E, Jefferson County, Kansas, near the Valley Falls 8" pipe line, a point in Section 34-T13N-R2W, Logan County, Oklahoma, said line totaling 16.37 miles of 16" pipe in Douglas County, Kansas, and 0.25 mile of 10" pipe in Jefferson County, Kansas.

A 6" and 4" pipe line extending south from a point of connection with an existing 20" pipe line in Section 6-T12N-R16W, Woods County, Oklahoma, on the Hutton Field to Blackwell Compressor Station system, as described in the First Supplemental Indenture, page 17, to a well in Section 19-T21N-R16W, Woods County, Oklahoma, said line totaling 4.05 miles of 6" pipe and 0.17 mile of 4" pipe in Woods County, Oklahoma.

A 4" lateral to a well in Section 2-T13N-R3W, Logan County, Oklahoma, from a point of connection with an existing 4" lateral in Section 11-T11S-R12W, Logan County, Oklahoma, on the Oklahoma City Field to Dilworth Compressor Station system, as described in the Original Indenture, page 62, said line totaling 0.54 mile of 4" pipe in Logan County, Oklahoma.

A 6" pipe line extending west from the Atchison Compressor Station in Section 12-T6S-R30E, Atchison County, Kansas, to a well in Atchison City, Nebraska, as described in the Original Indenture, page 61, said line totaling 0.52 mile of 6" pipe in Atchison County, Kansas.

An 8" pipe line extending north from a point of connection with an existing 10" pipe line in Field Dilworth 8" pipe line, Cleveland County, Oklahoma, on the Carnegie Field to Oklahoma City Section 19-T10N-R31W, Cleveland County, Oklahoma, said line totaling 1.16 miles of 8" pipe in Cleveland County, Oklahoma.

A 4" pipe line extending north from a point of connection in Section 15-T28S-R1W, Sedgewick County, Kansas, with an existing 10" pipe line in the Kansas Gas and Electric Company's 1.57 miles of 4" pipe in Sedgewick County, Kansas.

A 6" pipe line extending north to the Glenwood Field from a point of connection with an existing 20" pipe line in Section 28-T13N-R25E, Beaver County, Oklahoma, on the Hutton Field to Blackwell Compressor Station system, as described in the Original Indenture, page 49, a point in Section 34-T13N-R2W, Logan County, Oklahoma, said line totaling 6.85 miles of 6" pipe and 0.42 mile of 7" pipe in Beaver County, Oklahoma.

An 8" teeover pipe line extending north from a point of connection in Section 3-T13S-R19E, Douglas County, Kansas, with an existing 10" pipe line to the Kansas Electric Power Company 8" pipe line in Section 3-T13S-R19E, Douglas County, Kansas, as described in the Original Indenture, page 69, said line totaling 0.08 mile of 8" pipe in Douglas County, Kansas.

A 10" pipe line extending west from a point of connection with an existing 10" pipe line in Section 11-T11S-R17E, Jefferson County, Kansas, to the Goodyear Plant near Topeka, Kansas, in Section 14-T11N-R13E, Shawnee County, Kansas, said line totaling 2.25 miles of 10" pipe in Jefferson County, Kansas and 3.19 miles of 10" pipe in Shawnee County, Kansas.

A 6" pipe line extending east from a point of connection with an existing 6" pipe line in Section 26-T10S-R7W, Lincoln County, Kansas, to a point in Section 34-T10S-R4W, replacing the former Minneapolis 3" pipe line, on the Hutchinson to Superior system, as described in the Original Indenture, page 77, said line totaling 3.16 miles of 6" pipe in Lincoln County, Kansas.

A 10" pipe line extending northeasterly from a point of connection with an existing 8" pipe line in Section 22-T12S-R19E, Douglas County, Kansas, to a point in Section 23-T12S-R19E, and replacing the former 8" pipe line on the Haskell Junction to Topeka system, as described in the Original Indenture, page 48, said line totaling 0.55 mile of 10" pipe in Douglas County, Kansas.

A 30" pipe line extending northeasterly from a point of connection with an existing 24" pipe line in Section 4-T12N-R2W, Oklahoma County, Oklahoma, to a point of connection with a 20" pipe line in Section 35-T14N-R2W, and replacing the former 20" pipe line on the Oklahoma City Field to Dilworth Compressor Station system as described in the Original Indenture, page 62, said line totaling 11.71 miles of 30" pipe in Oklahoma County, Oklahoma.

A 20" pipe line extending northerly from Edmond Compressor Station in Section 3-T11N-R2W, Oklahoma County, Oklahoma, to a point of connection with the present 20" pipe line in Section 14-T11N-R2W, Logan County, Oklahoma, and looping the present 20" pipe line on the Oklahoma City Field to Dilworth Compressor Station system as described in the Original Indenture, page 62, said line totaling 0.24 mile of 20" pipe in Oklahoma County, Oklahoma and 16.22 miles of 20" pipe in Logan County, Oklahoma.

A 12" pipe line extending north from a point of connection with the present 12" pipe line in Section 35-T48N-R24W, Johnson County, Missouri, to a point of connection with the present 8" pipe line in Section 11-T48N-R24W, Lafayette County, Missouri, and replacing the present 8" pipe line on the Ottawa Measuring Station to Seckels system, as described in the Original Indenture, page 55, said line totaling 1.06 miles of 12" pipe in Johnson County, Missouri and 2.40 miles of 12" pipe in Lafayette County, Missouri.

A 16" pipe line looping the present 12" pipe line from Rural Junction in Section 17-T4S-R22E, Leavenworth County, Kansas, to the Fort Leavenworth Military Reservation, thence continuing from a point on the Fort Leavenworth Highway to the Leavenworth-Haskell 16" pipe line in Missouri and looping the present 12" pipe line to a point in Section 6-T12N-R2W, Platte County, Missouri, and looping the present 12" pipe line to St. Joseph, Missouri system as described in the Original Indenture, page 69, said line totaling 3.09 miles of 16" pipe in Leavenworth County, Kansas, 13.01 miles of 16" pipe in Platte County, Missouri and 12.30 miles of 16" pipe in Buchanan County, Missouri.
