

[illegible]

Additional aerial lines in Kearny County, in the Kansas-Huron Field on the easternmost north of the Shinnabell Plant, as described in the Fifth Supplemental Inventory, pages 8 to 10, under the heading "Aerial Lines," are as follows: Aerial lines to numerous gas wells, located in the following sections: 22, 29, 33 and 35-T.28S.-R.37W., Kearny County, Kansas, and Section 24-T.28S.-R.37W., Kearny County, Kansas, and Sections 7, 16, 17, 20, and 22-T.28S.-R.37W., Kearny County, Kansas, and Section 3-T.28S.-R.37W., Kearny County, Kansas, and lines totaling 7.97 miles of 4" pipe in Kearny County, Kansas.

Additional lateral lines in Morton County, in the Kansas-Hugoton field on the gathering system south of the Stanbald Plant, as described in the Fifth Supplemental Indenture, page 8, to numerous gas wells located in the following sections: 13, 23 and 25-T.28S.-R.41W., Morton County, Kansas, said lines totaling 1.64 miles of 4" pipe in Morton County, Kansas.

Additional lateral lines in Finney, Haskell and Seward County in the Kansas-Hugoton Field on the gaslifting system extending east from Hugoton Compressor Station, are shown in the 25-1/2 mile, 1950 Supplemental Indenture, page 9, to numerous gas wells located in the following sections: County K-34-W, Finney County, Kansas, and Sections 20, 32 and 34-T-2S8, R-23-W, Ft. Saline County, Oklahoma. In Haskell County, Kansas, and Sections 15 and 27-T-2S8, R-23-W, and Sections 16, 21 and 32-T-30S-1, R-23-W, Haskell County, Kansas, and Sections 17 and 21-T-31S-R-23-W, Seward County, Kansas 4-2, pipes, 4-6 miles of 6" pipe and 0.73 mile of 8" pipe in Finney County, Kansas; and 2.11 miles of 6" pipe and 1.25 miles of 8" pipe in Haskell County, Kansas; and 3.24 miles of 4" pipe in Seward County, Kansas.

Pipe Lines in the Process of Construction

SPRINGFIELD, MISSOURI 16" AND 8" REPLACEMENTS

A 16" pipe line extending easterly from a point of connection with an existing 10" pipe line in Section 22-T-2N, R-23W, Greene County, Missouri, to a point in Section 11-T-2N, R-23W, near Springfield, Missouri, thence extending easterly with an 8" pipe line from a point of connection with above described 10" pipe line in Section 14-T-2N, R-23W, to a point of connection in Section 1-T-2N, R-21W, with an existing 8" pipe line to Gallovy's Cement Plant and repaving

the former 10" and 6" pipe line on the Cotton Valley Measuring Station to Springfield, Missouri system, as described in the Original Indenture, page 47, said lines totaling 9.22 miles of 16" pipe and 3.76 miles of 8" pipe in Greene County, Missouri.

EUREKA FIELD GASTRONOMY LINEA

A field gathering system, comprising 10⁷, 8¹, 6¹, and 4¹ pipe lines extending north and south in Section 4, 17-27N, R-5W, Grant County, Oklahoma, from a point of connection with an existing 20" pipe line, on the Hargrove Field to Blackwell Compressor Station system, as described in the First Supplemental Indenture, page 17, to gas wells in Sections 28, 29, and 30, 17-28N, R-5W, and Sections 18 and 20, 17-27N, R-5W, said lines totaling 0.31 mile of 4¹ pipe, 4.14 miles of 6¹ pipe, 1.65 miles of 8¹ pipe and 1.06 miles of 10⁷ pipe in Grant County, Oklahoma.

A gathering system comprising 10", 8", 6" and 4" pipe lies extending north in Section 25-T35N-R6W, Grant County, Oklahoma, from a point of connection with an existing 2" pipe line, on the Hugston Field to Blackwell Compressor Station system, as described in the First Supplemental Indenture, page 17, to gas wells in Sections 22 and 23-T35N-R6W, Grant County, Oklahoma, and lines totaling 0.39 mile of 4" pipe, 0.76 mile of 6" pipe, 0.74 mile of 8" pipe and 0.53 miles of 10" pipe in Grant County, Oklahoma.

A gathering system, comprising 10", 8", 6" and 4" pipe lines extending north in Section 22-1-28N, E-17W, Grant County, Oklahoma, from a point of connection with an existing 24" pipe line on the Hugoton Field to Blackwell Compressor Station System, as described in the 24" Supplemental Indenture, page 17, to numerous gas wells in Sections 11, 12, and 14-1-28N, E-18W, Grant County, Oklahoma, and Sections 16 and 22-1-28N, E-17W, Grant County, Oklahoma, said lines totaling 0.25 mile of 4" pipe, 3.24 miles of 6" pipe, 2.09 miles of 8" pipe and 2.50 miles of 10" pipe in Grant County, Oklahoma.

A gathering system, comprising 10", 6", and 4" pipe lines extending north in Section 31-T-28N-R-5W, Grant County, Oklahoma, from a point of connection with an existing 30" pipe line, on the Hugoton Field to Blackwell Compressor Station system, as described in the First Supplemental Indenture, Page 10, to gas wells in Sections 7 and 18-T-28N-R-5W, Grant County, Oklahoma, and Sections 13 and 15-T-28N-R-5W, Alfalfa County, Oklahoma, said lines totaling 6.61 mile of 4" pipe, 0.62 mile of 6" pipe and 3.52 miles of 10" pipe in Grant County, Oklahoma, and 0.89 mile of 4" pipe and 0.38 mile of 6" pipe in Alfalfa County, Oklahoma.

Pipeline Elements

All easements for constructing, maintaining, repairing and operating gas pipelines, including the pipelines hereinbefore generally described, and including, without limiting the generality of the foregoing, those easements described in the State of Kansas, and in the respective Registers of Deeds offices in the following Counties in the State of Missouri, and in the respective Registers of Deeds offices in the following Counties in the State of Oklahoma, and in the respective County Clerks' offices in the following Counties in the States of Oklahoma and Texas, also those easements on or
