

LINE No. 4—Parks Junction to Thrall Substation: A 34,500 volt, wood pole, electric transmission line, approximately three and ten hundredths (3.10) miles in length, beginning at Parks Junction, located at the Southwest corner of the Northwest Quarter (NW $\frac{1}{4}$) of Section 11, Township 24 South, Range 10 East, Greenwood County; thence West through Sections 11 and 10, to a point in the Northeast Quarter (NE $\frac{1}{4}$) of said Section 10, Township 24 South, Range 10 East, Greenwood County; thence continuing Northwesterly through Sections 10, 3, and 4, Township 24 South, Range 10 East, Greenwood County; thence continuing Northwest and West through Section 33, Township 23 South, Range 10 East, Greenwood County to the Thrall Substation, located at the Northwest corner of the Southwest Quarter (SW $\frac{1}{4}$) of said Section 33.

LINE No. 5—West Emporia Substation to Vaughn Substation: A 115,000 volt, wood pole, electric transmission line approximately fifteen and fifty-six hundredths (15.56) miles in length, beginning at the West Emporia Substation located in the Northeast Quarter (NE $\frac{1}{4}$) of Section 20, Township 19 South, Range 11 East, Lyons County; thence extending south through Sections 20, 29, and 36, Township 19 South, Range 11 East, Lyons County; thence continuing south through Sections 5, 8, 17, 20, 29, 28, and 33, Township 20 South, Range 11 East, Lyons County; thence continuing south through Sections 4, 9, 16, 21, 28, and 33, Township 21 South, Range 11 East, Lyons County; thence continuing south and southeast through Sections 4, 9, 10, and 15 to the Vaughn Substation located in the Southeast Quarter (SE $\frac{1}{4}$) of said Section 15, all in Township 22 South, Range 11 East, Greenwood County.

LINE No. 6—Westinghouse Junction to Westinghouse Substation (Added 2nd Circuit to existing structures): A 115,000 volt, wood pole, electric transmission line approximately Eighty-eight hundredths (.88) of a mile in length beginning at the Westinghouse Junction located in the Northwest Quarter (NW $\frac{1}{4}$) Section 11, Township 15 South, Range 3 West, Saline County; thence continuing Easterly for Eighty-eight hundredths (.88) of a mile to Westinghouse Substation located in the Northwest Quarter (NW $\frac{1}{4}$) Section 12, Township 15 South, Range 3 West, Saline County.

LINE No. 7—General Foods Jet to General Foods Substation: A Double Circuit 34,500 volt electric transmission line approximately Forty-three hundredths (.43) of a mile in length beginning at General Foods Jet located in the Southeast Quarter (SE $\frac{1}{4}$) of Section 14, Township 11 South, Range 15 East, Shawnee County; thence extending westerly Forty-three hundredths (.43) of a mile to General Foods Substation located in the Southwest Quarter of said Section 14.

LINE No. 8—Hallmark Jet to Hallmark Substation: A 34,500 volt electric transmission line approximately Fifteen hundredths (15) of a mile long beginning at Hallmark Jet located at the South Quarter Corner (SE $\frac{1}{4}$ Cor.) of Section 12, Township 9 South, Range 22 East, Leavenworth County; thence east approximately Thirteen hundredths (.13) of a mile, thence south approximately Two hundredths (.02) of a mile to Hallmark Substation located in the Northeast Quarter (NE $\frac{1}{4}$) Section 13, Township 9 South, Range 22 East, Leavenworth County.

LINE No. 9—North Hills Jet to North Hills Substation: A 34,500 volt electric transmission line approximately One and four hundredths (1.04) miles long beginning at the North Hills Jet located at the East Quarter Corner (E $\frac{1}{4}$ Cor.) of Section 26, Township 5 South, Range 20 East, Atchison County; thence extending East for One and Four hundredths (1.04) miles through Section 25, Township 5 South, Range 20 East, Atchison County, to North Hills Substation located in the Northwest Quarter (NW $\frac{1}{4}$) Section 30, Township 5 South, Range 21 East, Atchison County.

LINE No. 10—Tap to Nineseah Co-op Delivery Point: A 34,500 volt electric transmission line approximately Forty-five (45) hundredths of a mile long beginning at the Northwest Corner (NW Cor.) Section 32, Township 24 South, Range 18 West, Edwards County; thence extending south along the west side of said section approximately Forty-five hundredths (.45) of a mile to Nineseah Co-op Delivery Point located in the Northwest Quarter (NW $\frac{1}{4}$) of said Section 32.

LINE No. 11—Tap to Ark Valley Co-op Delivery Point: A 34,500 volt electric transmission line approximately Forty hundredths (.40) of a mile long, beginning at the Southeast Corner (SE Cor.) Section 13, Township 24 South, Range 9 West, Reno County; thence extending north along the east side of said section approximately Forty hundredths (.40) of a mile to Ark Valley Co-op Delivery Point located in the Southwest Quarter (SW $\frac{1}{4}$) of said Section 13.

LINE No. 12—Salina Substation to 4th Street Substation: A 34,500 volt electric transmission line approximately Ninety-five hundredths (.95) of a mile long beginning at Salina Main Substation located in the Southwest Quarter (SW $\frac{1}{4}$) Section 12, Township 14 South, Range 3 West, City of Salina, Saline County; thence extending south approximately Seventy-four hundredths (.74) of a mile, along the east side of 3rd Street to Walnut Street; thence extending west approximately One tenth (.10) of a mile, along the
