## MORTGAGE RECORD 74 Reg. No. 2730

FROM	STATE OF KANSAS, DOUGLAS COUNTY, 10.
Viola-Young et vir TO	This instrument was filed for record on the 2 da July y b. 19.27, at 9:25 A M A Sa & Welleman
Merchants Loan & Savings Eank	Register of Dee By Deputy.
THIS INDENTURE, Made this sixteenth day of June hundred and twonty-seven between Viol	
of Lawrence in the County of Dour,	lasand State ofKansas
partics of the first part, and	n & Savings Bank, Laurence, Kansasparty of the second
WITNESSETH, That the said part_ics of the first part, in consider Thirteen Thousand and no/100 (\$13,000.00)	ration of the sum of
The North One-half $\left(N_{23}^{1}\right)$ of Lots Twenty- North one-half $\left(N_{23}^{1}\right)$ of the East One-hal: Pickney Street, now Sixth Street, in the	f (E <sup>1</sup> / <sub>2</sub> ) of Lot Twenty-six (26), on
with the appurtenances and all the estate, title and interest of the said part in the said part interest and area that at	
	t the delivery hereof they_ are the lawful owner g. of the premises above granted,
And the sold part. 105 of the first part do hereby corrant and agree that at sciend of a good and indefeasible estate of inheritance therein, free and clear of 4 incumbrance and that they will wurnet and defend the same against all parties making bayful claim therein	t the delivery hereof \$\bar{v}\$ to \$\bar{v}\$ as \$\bar{v}\$ and \$\bar{v}\$ and \$\bar{v}\$ are \$\bar{v}\$ and \$\bar{v}\$ and \$\bar{v}\$ are \$\bar{v}\$ are \$\bar{v}\$ and \$\bar{v}\$ are \$\ba
And the sold part_105 of the first part do hereby covenant and agree that at sized of a good and indefensible estate of inheritance therein, fore and thar of all incumbrane and that they will warrent and defend the same against all parters making havful chaim therein It is agreed between the particle herein that the part105 of the first part shall at all assessed agrind will relate when the same becomes due and upsyable, and that high_	t the delivery hereof
And the solid part. $\frac{1}{2}\Omega_{0}$ of the fort part do bridy covariat and spree that at solid of a good and indefendible estate of inheritance therein, free and there of dimensions and that they will somethink of the near sprace and part of the solid chain they be a solid and the solid part of the solid sprace of the first part and a solid it is agreed between the parties here to that the part $\Omega_{0}$ of the first part shall at all assessed against axial real rather shears the same becomes due and spatch, and $\operatorname{hat}(h_{0}^{2})_{1}$ and by each instance compares as a shall be verified and dimeted by the part of the second part of the part of the second part of the	t the delivery hereofUU_OAFO the harfold enter $g_i$ of the premises above granted, =
And the sold part $105$ of the first part do hereby corenant and save that at sized of a pool and indefended evoluties of inheritance therein, free and char of d incumbance and that they will varient and defend the same against all parties making having claim therein It is agreed between the parties herein that the part (20) = of the first part shall at all knewed against axid real rather when the same becomes due and payable, and that $\frac{1}{160}$ , $\frac{1}{160}$ , for the first part of the second at the same becomes a start of the same becomes due and payable, and that $\frac{1}{160}$ , $\frac{1}{1600}$ , for the first part of the second $\frac{1}{1600}$ , $\frac{1}{1600}$ , $\frac{1}{16000}$ , $\frac{1}{16000}$ , $\frac{1}{160000}$ , $\frac{1}{160000000000000000000000000000000000$	t the delivery hereof $\frac{1}{\sqrt{2}0}$ Q. C O the harfol over g, of the premises above granted, w  N it interes during the life of this indexture, pay all taxes or assessments that may be leviced , 121 Leves the buildings upon axid real evaluation in use's part, the low, if any, made payable to the part— $y$ —of the second part to the extent pay upon that we have the same leven due and payable and to kerp said promises insured
And the said part $\frac{1}{20.5}$ of the fort part do bridy revenues and spree that at spired of a good and indefeable estate of inderivation threak, fore and there of all insumbane and that they will warrant and deleval the same sprate all parts making herein the latter of the same sprate all parts are bridged by the same sprate and part of the same bridged by the same sprate all parts are bridged by the same sprate and part of the same sprate and parts an	t the delivery hereofUO_2. AFO the harfol owner g, of the premises above granted, w
And the sail part. 1026 of the fort part do bring variants and spree that at sained of a good and indefaulties exists of inheritance therein, fore and clear of dimensions and that they will summa that defect the same sprace and approximate the first part of the B is spreed between the parties herein that the part 10.5 of the first part shall at all assessed against axial real rather when the same becomes due and spatch, and that $h_{\rm (D)}$ and by such manners company as a shall be verified and durinted by the part of the second $-\frac{1}{100}$ _ interest. And in the count that same part 10.5 of the fort part shall find to part particular states that the rate of the part of the spreed of and interest. This is intered as a materiage to accure the space of payment and that interest is indefault as matering to accure the space of the same of THIS GURANT is indefault as matering to accure the space of the same of $-\frac{1}{1000}$ cortain source obligation _ for the space of the space of the space of the space of the space of $-\frac{1}{10000}$ cortain source obligation _ for the space of	t the delivery hereof
And the said part $103.6$ (the fort part do bridy reveaust and spree that at saided of a good and indefeable estate of inderivations therein, fore and there of dimensions and that they will warred and below the same sprate all parts making herein data in the H is good between the particle herein that the part $102.5$ . If the fort part half at all surveyed sprint and real trade when the same becomes due and ippable, and that $102.5$ , and by such macroscopy as a ball the specified and during the particle of the fort part shall full to $-\frac{1}{120.5}$ . Interest. And in the event that and spreed to and stored by the part of the second interest and half here interest in the rise of 102.5 of the fort part shall full to $-\frac{1}{1115}$ GULKAT is intered as a motigate to even the inter part of the second interest interest in the larget of the rise of 102.5 motion the dime of particular that $102.5$ $-\frac{1}{1115}$ GULKAT is intered as a motigate to even the larget of parts and matching $-\frac{1}{1115}$ GULKAT is intered as a motigate to even the larget part of the symmet of a motion of the Direct parts $-\frac{1}{100}$ for the spreed of parts and the symmet of the motion of the Direct part $-\frac{1}{100}$ for the spreed of part of the symmet of the motion of the Direct part $-\frac{1}{1000}$ for the spreed of part of the symmet of the motion of the Direct part $-\frac{1}{10000}$ for the symmetry the spreed of the symmetry is the part of the symmetry is the interest of the start $-\frac{1}{10000000000000000000000000000000000$	t the definery hereof $\frac{1}{\sqrt{10}}$ Q.P.Othe harfol even <b>g</b> , of the premises above granted, w = It times during the life of this indenture, pay all taxes or assessments that may be belied it times during the life of this indenture, pay all taxes or assessments that may be belied if there is the building upper asid rail evalue income arginst first and tornado in such part, the low, if any made payable to the part $\frac{1}{\sqrt{10}}$ of the second part to the extent pay unch taxes when the same become due and payable and to keep and premises insured $e_{e}$ or either, and the anomen so paid shall become a part of the indeficience, secured by
And the said part $103 \text{ s}$ if the fort part do break variants and spree that at solid of a good and indefeable estate of inheritance therein, fore and there of dimensions and that they will warries and break the solid sector of the forth and the solid H is agreed between the particle herein that the part $102 \text{ d}$ . If the first part hald at all success arguint said real states when the same becomes due and spable, and that $102 \text{ d}$ . If the greed between the particle herein that the part $102 \text{ d}$ is forth part hald at all success arguint said real states when the same hereans due and spable, and that $102 \text{ d}$ . If the full state is the solid sector of the sector of the dimension of the sector of -112  d. Instruct, And in the event that an interval to arguing a lates said inclusion. This full state is included as an another to the space of the sector of -1112  d. The full sector of the sector of the sector of the sector of -1112  d is included as a nother to be space of the sector of -1112  d. The full sector of the sector of the sector of the sector of -1112  d is included as a nother to be space of the sector of -1112  d is the sector of $-100  d$ . The full sector of the sector of -1112  d is the sector of $-100  d$ is a sector of the sector of the sector of -100  d is a sector of $-100  d$ . The full sector of the sector of the sector of -100  d is the sector of $-100  d$ is a sector of the sector of $-100  d$ is a sector $-100$	t the delivery here $f_{1}$ ( $\frac{1}{2}$ , $$
And the sail part $\frac{102}{100}$ of the fort part do bridy covariant and size that a science of a good and indefensible costs of inheritance therein, free and clear of d incombanas and that they will account science of the science scatter at the part of the inheritance is a science of the forth science is a science of the forth part hall at a science of a science in the partial between the science of the science of the science of the science of the science or science as a science of the science of the science of the science of the science of the scie	to the definery hereof
And the sail part. $\Delta \Omega_{0}$ (the fort part do brely constant and spec that a size of a good and indefensible costs of inheritance therein, for and clear of A incombana monthal they will array that the base special and part of the fort part half and the therein the special part of the fort part half and the therein the special part of the fort part half and the therein the special part of the fort part half and the therein the special part of the fort part half and the therein the special part of the specis part the special part theory of the special par	to the definery hereof $\frac{1}{2}$ U(2).
