Reg. No. 236 Fee Paid, \$ 3.75

S. C.S. L.

FROM	STATE OF KANSAS, DOUGLAS COUNTY, 11.
Nora Lemon O'Bryon and James W. O'Bryon, her hus. TO	This instrument was filed for record on the 7th day of June A. D. 19 29, at 5:15 A. M. Elsie G. Commel porto
The Kenchaste Less & Series	
The Merchants Loan & Savings Bank, Lawrence, Kane.	ByDeputy.
THIS INDENTURE, Made this first day of	June, in the year of our Lord, one thousand nine
Nora Lemon C'Bryon and James W. O'Eryon, her hu	usband,
of Lewrence in the County of Douglas	and State of KONBOB
parties. of the first part, and The Merchants Loan & Savings Bank, Lawrence, Kan	
WITNESSETH, That the said partles of the first part, in considerati Fifteen Hundred and no/100 (\$1500.00)	DOLLARS, to them duly paid, the receipt of
which is hereby acknowledged, have sold, and by this indenture do the following described real estate situated and being in the County of Dough	Grant, Bargain, Sell and Mortgage to the said party of the second part,
Lot One Hundred Sixty (160) on Ohio Street, in	n the City of Lawrence, Kansas.

And the said part ics. of the first part do hereby covenant and agree that at the	e delivery hereof they are the lawful owner. S of the premises above granted, and
And the sold part 100.of the first part do hereby covenant and agree that at the wired of a good and indefensible estate of inheritance therein, free and clear of all incumbrance and that they will warrant and defend the same squint all parties making lawful claim therein.	e different hereof_they_are_the lawful owner. S of the premises above granted, and
And the sold part 108. of the first part do hereby correct and agree that at the sized of a good and indefendible estate of informance therein, for and char of all incombines and that they will warrant and defend the same segment all partice making harded chain therein. It is agreed between the partice herein that the part 108. of the first part shall at all in uses of agrint and real traits when the name kernem due and payable, and thatthey	e ddivery hereofthey. are the hard over B of the premises above granted, and men during the life of this inductore, pay all taxes or assessments that may be freid or will kep the buildings upon and red estate incored against for and termsdo in such sum
And the solid part $\hat{1} \in 0$, of the first part d_0 , hereby correct and agree that at the sized of a good and indefendable estate of inderitance therein, five and class of all incumbance and that they will warrant and defind the same agricult all partice making instell class the term 1 is agreed between the partice instell to a term of the $0 = 0$ of the first part had at all it is used explores the partice instell to a term of the $0 = 0$ of the first part had at all it means a shall be received and the trans between size and particle, and that $\frac{1}{2}$ the 0_{-1} interval. To be made instrume compary as shall be specified and directed by the garafy the second $\frac{1}{2}$, interval. And is the event that and just 1 and 1 the term of the first part shall the it to pay	e ddivery hereof the y. are the hard over a of the premises above granted, and men during the life of this inductore, pay all taxes or assessments that may be level or #112 ep the buildings upon sail real exists instant against for and tormado in such rum the bear, if any, made payhile to the part. J
And the sold part $1 \leq 0.6$ (the first part d_0	e ddivery hereof the y . ATE the hard over z of the premises above gratical, and men quoing the life of this inductore, pay all taxes or assessments that may be freid or #112 ep the buildings upon sail real exists instant against for and tormado in such rum t, the low, if any, made payhele to the part y of the second part to the extent of such taxes when the same become due and topathic sail to the scient of sciller, and the amount so paid shall become a part of the induktedness, secured by this add
And the solid part $\hat{\mathbf{L}} \in \mathbf{S}$ of the first part d_0 hereby coverant and spice that at the solid of a good and indefaultie states of indefaunce therein, for and form of all incumbance and that they will warrant and default is more arguing all going in the solid chain therein. It is agreed between the partice hereto that the part $\hat{\mathbf{L}} \in \mathbf{S}$ of the first part half and all unused spints and real entity when the mane kerness das a log paths, and that $\hat{\mathbf{L}} \hat{\mathbf{L}} \in \mathbf{Y}$. It has greed between the partice hereto that the part $\hat{\mathbf{L}} \in \mathbf{S}$ of the first part half and all the based explaint and real entity when the mane kerness das a log paths, and that $\hat{\mathbf{L}} \hat{\mathbf{L}} \hat{\mathbf{U}} = \hat{\mathbf{L}}$ interest. And in the vect that an interest of the first part and in fair to pay there in provided, that here at $\mathbf{U} = \mathbf{U}$ of the first part half fair to pay infinite (DAR) is the local $\mathbf{U} = \mathbf{U}$. The first part is the set of the first part and infinite pay infinite (DAR) is included as a more local solution of the source that in the first pay if $\mathbf{U} = \mathbf{U}$. The interest $\mathbf{U} = \mathbf{U}$ is the set of 100 km methods the date of partice that in the first pay if $\mathbf{U} = \mathbf{U}$. The interest $\mathbf{U} = \mathbf{U}$ is the set of 100 km methods being the spin set of the set of 100 km methods and $\mathbf{U} = \mathbf{U}$.	e ddivery hereof. the y. are the hard over B of the premises above granted, and mes during the life of this inducture, pay all taxes or assessments that may be level or all key the buildings upon and real casts increase against first and transks in such sum the low, if any, make payable to the grant Y of the record part to the extent of rath taxes when the area become due and puyable and to keys and precises incred as when the sum and payable to the part of the inductiones, secured by this add.
And the solid part $\hat{1} \in \mathbf{S}$, of the first part d_0	e ddivery hereof. the y. are the herd over a of the premises above granted, and mes during the life of this inductor, pay all taxes or assessments that may be level or rall key the buildings upon and real estate increase against for and tormado in such sum the box, if any, make payloke to the paylo of the second part to the second part of
And the said part $1 \le 3$, of the first part do hereby covenant and spice that at the second of a good and indefeable state of indefeable therein, for and draw data of all incumbance and that they will warrest and defend the same spinst all parton making harded sham therein. It is agreed between the partice between that are part does not indefeable therein the same spinst and it and it is agreed between the partice between the agreed between the partice between the agreed between the partice b	e divery hereof. the y. are the hard owner, B of the premises above granted, and mer during the life of this inductore, pay all taxes or assessments that may be level or fille on the buildings upon and red resists incored against for and formado in such sum it, the level if any, make payable to the part <i>J</i> of the second part to the extent of resists are when the same become due and payable and to keep and premises insured as either, and the smoont so paid shall become a part of the induktors, secured by this add. second the second part to the second part to the extent of second part to the extent of resider, and the smoont so paid shall become a part of the induktors, secured by this add. second the second part of the second part to the event half and inductor sectored in the first buy ofUIIDC
And the solid part 100 , of the first part dobroky covenant and spice that at the solid of a good and indefeable state of inferitance therein, for and form of all incumbance. In that they will warrent and defend the same spinst all perform making having disk methods and the therein. It is agreed between the partice brech that the part 100 of the first part half at all the unseed spinst and real relate when the more becomes due and spinshe, and that $\frac{110}{100}$ $\frac{1}{100}$	e divery hereof. the y. are the hard owner, B of the premises above granted, and mer during the life of this inductore, pay all taxes or assessments that may be level or fille on the buildings upon and red resists incored against for and formado in such sum it, the level if any, make payable to the part <i>J</i> of the second part to the extent of resists are when the same become due and payable and to keep and premises insured as either, and the smoont so paid shall become a part of the induktors, secured by this add. second the second part to the second part to the extent of second part to the extent of resider, and the smoont so paid shall become a part of the induktors, secured by this add. second the second part of the second part to the event half and inductor sectored in the first buy ofUIIDC
And the solid part $1 \le 8$, of the first part d_{0} hereby covenant and agree that at the solid of a good and indefeable state of indefeable states indefeable	e divery hereof. the y. are the herd over , B of the premises above granted, and met queries the buildings upon and real exists incread against first and the marks in the first of the buildings upon and real exists incread against first and transdo in mit mume, the base, if any, make prayble to the grant for the second part to the second of the tother exists of the second part to the second par
And the shift part $\frac{1}{2}$ B of the first part d_{0} hereby covenant and spree that at the stand of a goal and indefaultive states of inderivance therein, for and term of all incumbrance in this they will write states of indefaultive therein which herein the intervent of the first part here is a greed between the particle herein that the part is more and graphst and real relative herein that the part is a greed between the particle herein that the part is the therein the part is a greed between the particle herein that the part is a greed between the particle herein that the part is the theorem of an analysis part of the theorem of the part is the theorem of the part of the theorem of the part is the part	e divery hereof. the y. are the herd over , B of the premises above granted, and met queries the buildings upon and real exists incread against first and the marks in the first of the buildings upon and real exists incread against first and transdo in mit mume, the base, if any, make prayble to the grant for the second part to the second of the tother exists of the second part to the second par
And the solit part $\frac{1}{2}$ EG of the first part $d_{0,}$ benchy revenues and spree that is the solit of a good and indefaultive states of indefaunce therein, for and clear of all insuminator- in this tuby roll warrants and default to man relates and particle making hard fault in the relation is a greed between the particle herein that the part $\frac{1}{2}$ EG. of the first part hand, and it is agreed between the particle herein that the part $\frac{1}{2}$ EG. of the first part hand, and it is agreed between the particle herein that interms does not particle here that $\frac{1}{2}$ EG and $\frac{1}{2}$ E	e divery hereof. the y. are the herd over , B of the premises above granted, and met queries the buildings upon and real exists incread against first and the marks in the first of the buildings upon and real exists incread against first and transdo in mit mume, the base, if any, make prayble to the grant for the second part to the second of the tother exists of the second part to the second par
And the solit part $\frac{1}{2}$ EG of the first part $d_{0,}$ benchy revenues and spree that is the solit of a good and indefaultive states of indefaunce therein, for and clear of all insuminator- in this tuby roll warrants and default to man relates and particle making hard fault in the relation is a greed between the particle herein that the part $\frac{1}{2}$ EG. of the first part hand, and it is agreed between the particle herein that the part $\frac{1}{2}$ EG. of the first part hand, and it is agreed between the particle herein that interms does not particle here that $\frac{1}{2}$ EG and $\frac{1}{2}$ E	e divery hered. they are the herd over , B of the premise above granted, and the building upon and red casts incread spinst for and translo in such sum the loss, if any make paylob to be grant the recoil part to be extend of a such sum the loss, if any make paylob to be grant the recoil part to be extend of a such sum the loss, if any make paylob to be grant the recoil part to be extend of a such sum the loss, if any make paylob to be grant the recoil part to be extend of a such sum the name become due and paylob the loss exceed part to be terms of a such that here are become due and paylob the loss of the recoil part to be terms of such during the such as a pair of the terms of such during there a second rest to be terms of a such during the such as a second rest. The far are to committee a such as a previous, in the second rest to be terms of the during the such as the such rest. The such as the such rest, is the second rest to be terms of the during the such as the such rest. The such as the such rest, is the second rest to be terms of the during the such as the such rest. The such as the such rest, is the second rest to be terms of the such rest to the terms of the such rest. The such as the such rest, is the second rest to be the such rest. The such as the such rest, which is make the such rest. The such rest, the such as the such rest. The such as the such rest. The such as the such rest. The such as the such rest as the such as the such rest. The such as the such rest. The such as t
And the solit part $\frac{1}{2}$ EG of the first part $d_{0,}$ benchy revenues and spree that is the solit of a good and indefaultive states of indefaunce therein, for and clear of all insuminator- in this tuby roll warrants and default to man relates and particle making hard fault in the relation is a greed between the particle herein that the part $\frac{1}{2}$ EG. of the first part hand, and it is agreed between the particle herein that the part $\frac{1}{2}$ EG. of the first part hand, and it is agreed between the particle herein that interms does not particle here that $\frac{1}{2}$ EG and $\frac{1}{2}$ E	e divery hered. they are the herd over B of the premise above granted, and and the building upon and red casts incread spinst for and translo in such sum the low, if any, make paylor to the grant $Y_{}$ of the account of the preside pression incred as a circle, and the same shown due and paylor to the grant $Y_{}$ of the account of the same shown due and paylor to the second part to the start of area in a circle and the same shown due and paylor the the second part to the start of the same shown due and paylor the the second part to the start of the same shown due and paylor the the second part to the start of the same shown are part of the inductions, second by this add.
so ind of a pool and indefinable entate of interimore therein, for and class of all incumbrance models in the second point of the same spin at all points much relations and the same spin at all points and point at the same spin at all points and the same spin at all points and the same spin at all the same spin at the same spin at all the same spin at the same spin spin at the same spin spin at the same spin s	e divery hered. they are the herd over B of the premise show granted, and
And the solid part $\hat{1} \in 0$ of the first part d_0 hereby coverant and spice that at the solid of a good and indefaulty entropy of information of an incombine of the incombine of the solid part of the solid part and the solid part of the solid	e divery hered. they are the herd over . B of the premise above granted, and
And the mail part 162 6 of the form part down berefor wormant and spree that at the state of a good and indefeablie entate of indefnance therein, free and clear of all insuminous - indefnance of the state of indefnance therein free and clear of all insuminous - insures of spring harmonic compary as a hall be needed to the state 28. of the form part shall a state insures of spring harmonic company as a hall be needed to the state 28. of the form part shall be a state a state of the state in the state of the second part to the part 162 more than the state of the state of the second part of the state of the second part of the state of the state of the state of the state of the second part of the state of	e divery hered. they are the herd over . B of the premise show granted, and the building upon and rest exists incored against first and tennals in such arm of the low, if any, male paylie to the part J to the second part
And the solit part 10° 0.0 the first part do hereby covenant and spire that at the decided of a good and indefaultion entropy of the interval of the induced part of all indefaultion entropy of the interval of the induced part of the	e ddirey hered. they are the herd over . B of the premise above granted, and
Add the shift part 162 0 of the first part do hereby covenant and spire that at the deterior of all insurfactors and the sport of the insurfactors and the sport of the insurfactors and the sport determs and of first between the parts between there is the spire i	e ddirey hered. they are the herd over . B of the premise shore granted, and
And the solid part 1 C 2 . of the fort part do hereby covenant and spire that at the solid of a good and indefaultie states of information three, for and draw of all insumingen- ind that they will were at and default is entron that the part 1 2 C 2. It is fort part at at an at the same of against and real ratio when the mane learners due as is possible, and that 1 2 C 2 and that real ratio when the areas between due as is possible, and that 1 2 C 2 the same of against and real ratio when the areas learners due as is possible, and that 1 2 C 2 attent. A def in the result that an part 2 C of the fort part ability and 1 C and the part of the part 2 the same of against and real ratio when the areas learners are maintime, and ability here in 2 a first GARAT is included as a monoper boost with a part of the same and 1 C THIS GARAT is included as a monoper boost with a part of the same and and by 1 1 s and a same and participation the same 1 were all the same as a particular for a same and and by 1 s and the same and participation the same as particle in the indexider. The forther same and participation the same as a learning and the same and the same as a same as a learner with a dim in and the same and participation the same as a learning and the same as a learning and participation of the same and participation of the same as a learning and the same as a learning and participation of a same and participation of a same and begins as learning and part of the same as a learning and participation of a same and the same as a learning and the same as a learning and part part as at learning and the same meaning unsuit, and all of the deliver barriers down in a good presser as the learning of the same meaning unsuit, and all of the deliver barriers as the learners and the learning to the fart part and and the same transmitter. The same as a learning the same as a learning the same as a learning the same meaning unsuit, and is of the deliver barries	e ddirey hered. they are the herd over . B of the premise shore granted, and
And the solid part 1 C S of the fort part do hereby covenant and spire that at the solid of a good and indefaultie state of indefaulties therein, for and form of all insumingen- ind that they will wereat and default the mane pieces all goods in the solid data indefaulties. It is agreed between the partice hereto that the part 1 S S. of the fort part also in a 2 to some of against and real ratio when the mane pieces all goods and the social part also in a 2 to some of against and real ratio when the mane between a goods and the social part also in a 2 to some of against and real ratio when the mane between due as a possible, and that . 1 2 to 2 J. a first of the part J. of the social part of the social part also in a 2 to 1 to	e divery hered. They are the herd over B of the premise show granted, and the buildings upon and real casts incred signature that may be firld or real large the buildings upon and real casts incred signature the encode part to the start of or and here and paylable the part of the incred signature the encode part to the start of or and here and paylable the part of the incred signature the start of or and here and paylable the part of the incred signature the start of or and here and paylable the part of the including second signature the start of the including second signature the start of
And the solid part 12:6 of the fort part do berefy revenues and spree that at the based of a good and indefaultie state of indefaultie state indefaulties indefau	e divery hered. They are the herd over B of the premise show granted, and the buildings upon and real casts incred signature that may be firld or real large the buildings upon and real casts incred signature the encode part to the start of or and here and paylable the part of the incred signature the encode part to the start of or and here and paylable the part of the incred signature the start of or and here and paylable the part of the incred signature the start of or and here and paylable the part of the including second signature the start of the including second signature the start of
And the sold part 162 6 of the fort part do berefy revenues and spere that at the basis of a good and indefeable states of indefeable states indefeable due to the state indefeable states of indefeable index of indefeable states of indefeable states of indefeable index of indefeable states of indefeable states of indefeable states of indefeable states of indefeable index of indefeable states of indefeable index of indefeable states of indefeab	e divery hered. they are to hard over . 3 of the premise show granted, and the building upon and rest exists incored against finance in and terms to its the or fill key the building upon and rest design incore against and the match is mark man the building upon and rest design incore against and the match is mark to man the building upon and rest design in the mark of
And the sold part 16 20 of the fort part do broky covenant and spree that at the solar of a good and individually entate of individual terms there in four and four of all insumingen- ing that they will wereast and don't the mane relevant of parts making harded at the there. It is agreed between the parts between that the part 1920. It is for and four that is and the sourced splant and real other when the mane learned on and particle at the the source and 10 years of the part Y and the result that mane therma of the source and the source at 10 years of the part Y. The the result of the source of the sour	e ddirey hered. they are to herd over . B of the premise shore granted, and
And the sold part 16 20 of the fort part do broky covenant and spree that at the solar of a good and individually entate of individual terms there in four and four of all insumingen- ing that they will wereast and don't the mane relevant of parts making harded at the there.
