GAS DISTRIBUTION SYSTEMS

The Old Distribution Systems located in and adjacent to the following communities in the State of Kansas:

In Leavenworth County: Leavenworth

In Lyon County: Emporia

ELECTRIC TRANSMISSION LINES

Line 1-A 6000 volt, wood pole, electric transmission line, approximately twelve and seven-tenths (12.7) miles in length, extending from the Bismarck Junction in Douglas County to the 6th Street Substation, City of Lawrence, in Douglas County.

Line 2-A 6000 volt, wood pole, electric transmission line, approximately two and five-tenths (2.5) miles in length, extending from the Bismarck Junction in Douglas County to the 6th Street Substation, City of Lawrence, in Douglas County.

Line 3-A 6000 volt, double circuit, wood pole, electric transmission line, approximately one and five-tenths (1.5) miles in length, extending from Lawrence Power Plant Junction in Douglas County, to the Lawrence Power Plant in Douglas County.

Line 4-A 6000 volt, wood pole, electric transmission line, approximately two and five-tenths (2.5) miles in length, extending from Lawrence Power Plant in Douglas County to the Lawrence Power Plant Junction in Douglas County.

Line 5-A 6000 volt, wood pole, electric transmission line, approximately twenty-eight (28) miles in length, extending from Lawrence Power Plant Junction in Douglas County to the Lawrence Power Plant in Douglas County.

Line 6-A 6000 volt, wood pole, electric transmission line, approximately eleven (11) miles in length, extending from the Spruce Street Substation in the City of Leavenworth, Leavenworth County, to a Substation in the City of Leavenworth, in Leavenworth County.

Line 7-A 6000 volt, wood pole, electric transmission line, approximately twenty-three (23), Township Seven (7) South, Range Twenty, Old (21) East, Atchison County.

Line 8-A 6000 volt, wood pole, electric transmission line, approximately fifteen and one-tenth (15.1) miles in length, extending from Lawrence Power Plant Junction in Douglas County, to Lawrence Power Plant in Douglas County.

Line 9-A 6000 and 3300 volt, double circuit, wood pole, electric transmission line, approximately five and one-tenth (5.1) miles in length, extending from Lawrence Power Plant Junction in Douglas County to the East Street Substation in City of Emporia, in Lyon County.

Line 10-A 3300 volt, wood pole, electric transmission line, approximately three (3) miles in length, extending from the 6th Street Substation, City of Lawrence, in Douglas County to the Bismarck Junction in Douglas County.

Line 11-A 3300 volt, wood pole, electric transmission line, approximately twelve and seven-tenths (12.7) miles in length, extending from the Bismarck Junction in Douglas County to the Shawnee Junction in Johnson County.

Line 12-A 3300 volt, wood pole, electric transmission line, approximately two and five-tenths (2.5) miles in length, extending from the Bismarck Junction in Douglas County to Tonganoxie Junction in Leavenworth County.
